USD 475 BOARD POLICIES

PREFACE

The policies of Unified School District 475 are the results of a combined effort of the professional staff of the Kansas Association of School Boards, the board of education and the district's staff.

The staff of KASB has written the policy model and integrated into that model appropriate policies and procedures being used in the district at the time of the first draft. Upon completion of the first draft, a KASB staff member and selected district staff members edited the proposed policies resulting in preparation of a second draft to be presented to the board. When requested, KASB staff members consulted with the board and selected staff members to arrive at the final draft. This final draft was then adopted by the board.

Understanding the Policy System

Policies are principles adopted by the school board to chart a course of action. They tell WHAT is wanted and may include also WHY and HOW MUCH. They should be broad enough to provide the administrators with guidance in handling the day-to-day issues which arise; they should be narrow enough to give the administration clear guidance.

This philosophy was incorporated into thinking that produced the model and guided the board and the district's staff in developing the final, adopted policies.
There is one binder containing thirteen sections of policies. These sections are:

The system's ultimate success depends on using these policies daily to guide administrators and other staff, as a management tool to facilitate school board operations and actions.

The coding or "tracking" of terms is by letter rather than by number. Letter (alpha) encoding offers two major advantages over number coding. A letter system offers more flexibility. The code has available 26 separate letters to use compared to only ten digits. A letter system requires no decimal points. This tends to reduce the likelihood of errors in reproduction and filing.

**The Index**

The index is designed to help the user find the subject described in the appropriate policy.
When Using This Manual

To use this manual properly, the reader should look up the subject matter in the index and turn to the policy section first. The reader should check the table of contents found in the front of each policy section to determine if the desired subject is cross-referenced to any other policy. The reader should turn to the alpha code in the appropriate section and read the policy. After the reader has done this, cross-references should also be read.

State Law and Negotiated Contracts

These policies do not contain any statutory language, except where necessary, or negotiated contract language. They exist in other, separate documents, which should be consulted if needed. If the reader is in doubt about the subject being pursued, guidance should be sought from the superintendent or another administrative staff member.

Definitions

1. When the masculine pronoun is used throughout these policies, it is intended to refer to both feminine and masculine antecedents.

2. Wherever the word "superintendent" or "principal" occurs, the words "or designated representative" are assumed to be included.

2) The exception for matters which would be deemed privileged in the attorney-client relationship under KOMA;

3) The exception for employer-employee negotiations under KOMA;

5) The exception relating to actions adversely or favorably affecting a student under KOMA;
6) The exception for preliminary discussion of the acquisition of real property under KOMA;

7) The exception under KOMA for school security matters to ensure the security of the school, its buildings, and/or its systems is not jeopardized.

**NO BINDING ACTION SHALL BE TAKEN DURING CLOSED OR EXECUTIVE SESSIONS**

When a motion is made to go into executive session, all blanks in the sample motion must be filled in.

The time the board will return to the open meeting and the room in which the meeting will resume will be specifically stated. If necessary, the executive session may be extended with another motion made after the board returns to open session.

The motion will explain why one of the seven statutorily acceptable reasons was chosen.

SECTIONS
The board designates the Executive Director of Marketing and Media as its Freedom of Information Office. The Freedom of Information Officer shall have the authority to establish and maintain a system of records in accordance with the Kansas Open Records Act and other applicable laws. The board further assigns the Executive Director of Marketing and Media, to handle requests for records and to serve as the custodian of the records. The custodian shall prominently display and distribute or otherwise make available to the public a brochure concerning record access in the form prescribed by the local Freedom of Information Officer.

Types of Records

A public record means any recorded information, regardless of form or characteristics, which is made, maintained, kept by, or in the possession of the district, including those exhibited at public board meetings.

Central Office Records

Records maintained by the superintendent shall include, but may not be limited to, the following: financial, personnel, and property (both real and personal) owned by the district.

Building Records

Records maintained by the building principals shall include, but may not be limited to, the following: activity funds, student records, and personnel records. (See JR et seq.)
**Public Access**

All records, except those subject to exception by the Kansas Open Records Act, shall be open to inspection by the general public during regular office hours of any school or the district office. The superintendent will establish procedures for making records available on normal business days when district offices are closed. The district may charge and require advance payment of a fee for providing access to or furnishing copies of public records.

Requests for access to open records shall be made in writing to an official custodian of district records. The official custodian shall examine each request to determine whether the record requested is an open record or is subject to an exception of the Kansas Open Records Act that would allow the record to remain closed. The custodian may also refuse to provide access to a public record or to permit inspection if a request places an unreasonable burden in producing public records or if the custodian has reason to believe that repeated requests are intended to disrupt other essential functions of the district. The custodian shall either grant or deny each request.

If the custodian does not grant the request, the person requesting the record shall receive a written explanation of the reason for the denial within three days of the request, if an explanation is requested. If the requester disagrees with the explanation, the freedom of information officer shall settle the dispute.

Each request for access to a public record shall be acted upon as soon as possible, but not later than the end of the third business day following the date that the request is received. If the request is not acted on immediately,
the custodian shall inform the requester, within the three-day window, when and where the open record will be made available.

Each custodian shall file all requests and their dispositions in the appropriate office and make reports as requested by the superintendent or the board.

Copies of Records

Copies of open records shall be available upon written request, unless otherwise specified in Kansas or federal law. Requestors may only make abstracts or obtain copies of public records to which they have access under the Kansas Open Records Act. The district shall not be required to provide copies of radio or recording tapes or discs, video tapes, films, pictures, slides, graphics, illustrations, or similar audio or visual items or devices, unless such items or devices were shown or played during open session of a district board meeting. Similarly, the district shall not be required to provide such items or devices which are copyrighted by a person other than the board. Furthermore, nothing in the Kansas Open Records Act requires the district to electronically make copies available by allowing a requestor to obtain copies by inserting, connecting, or otherwise attaching an electronic device provided by the requestor to the computer or other electronic device of the district.

Advance payment of the expense of providing access to or furnishing copies of open records shall be borne by the requestor. Under no circumstances shall the documents be allowed out of their usual building location without approval of the official custodian.
The board may prescribe reasonable fees for providing access to or furnishing copies of public records, subject to the following:

* in the case of fees for copies of records, the fees shall not exceed the actual cost of furnishing copies, including the cost of staff time required to make the information available and printing fees of 20 cents per page, as applicable;

* in the case of fees for providing access to records maintained on computer facilities, the fees shall include only the cost of any computer services, including staff time required.

Revenue from copying open records will be deposited in the district’s general fund.

Disposition

All district office records shall be kept for at least the minimum length of time required by law.

The clerk or Director of Student Support Services is designated as the official custodian of all board and district office records maintained by the district. Each building principal is designated as official custodian of all records maintained at the building level. In addition to those records required by law, the clerk shall be responsible for preparing and keeping other records necessary for the district’s efficient operation.

District employees shall follow the guidelines found in the student records policies. (See IDAE and JR through JRD)

The board designates the Chief Financial Officer as the federal programs coordinator and district contact for all federal programs and funding.

The Chief Financial Officer shall establish and maintain a sound fiscal management system to include internal controls and federal grant management standards covering the receipt of both direct and state-administered federal grants and to track costs and expenditures of funds associated with grant awards. The superintendent, to assist in the proper administration of federal funds and implementation of this policy, may recommend additional procedures and regulations be adopted to supplement this policy.

The district’s fiscal management system shall be designed with strong internal controls, a high level of transparency and accountability, and documented procedures to ensure that all fiscal management system requirements are met. Fiscal management standards and procedures shall assure that the following responsibilities are fulfilled:

- **Identification** – The district must identify, in its accounts, all federal awards received and expended and the federal programs under which they were received.

- **Financial Reporting** – Accurate, current, and complete disclosure of the financial results of each federal award or program must be made in
accordance with the financial reporting requirements of the Education Department General Administrative Regulations (EDGAR).

- **Accounting Records** – The district must maintain records which adequately identify the source and application of funds provided for federally-assisted activities.

- **Internal Controls** – Effective control and accountability must be maintained for all federal funds, real and personal property purchased therewith, and other assets acquired with federal funding. The district must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

- **Budget Control** – Actual expenditures or outlays must be compared with budgeted amounts for each federal award. Procedures shall be developed to establish determination for allowability of costs for federal funds.

- **Cash Management** – The district shall maintain written procedures to implement the cash management requirements found in EDGAR.

- **Allowability of Costs** – The district shall ensure that allowability of all costs charged to each federal award is accurately determined and documented.

**Time and Effort Reporting by Employees**

All district employees paid with federal funds shall document the time they expend in work performed in support of each federal program, in accordance with law. Time and effort reporting requirements do not apply to contracted individuals.
Recordkeeping

The district shall develop and maintain a records management plan and related board policy, administrative regulations, and/or procedures for the retention, retrieval, and disposition of print and electronic records, including emails.

The district shall ensure the proper maintenance of federal fiscal records documenting:

- Amount of federal funds,
- How funds are used,
- Total cost of each project,
- Share of total cost of each project provided from other sources,
- Other records to facilitate an effective audit,
- Other records to show compliance with federal program requirements, and
- Significant project experiences and results.

All records must be retrievable and available for programmatic or financial audit.

The district shall provide the federal awarding agency, Inspectors General, the Comptroller General of the United States, and the pass-through entity, or any of their authorized representatives, the right of access to any documents, papers, or other district records which are pertinent to the federal award. The district shall also permit timely and reasonable access to the district’s personnel for interview and discussion related to such documents.
Records shall be retained for a minimum of three (3) years from the date on which the final Financial Status Report is submitted, or as otherwise specified in federal law or in the requirements of the federal award, unless a written extension is provided by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. If any litigation, claim or audit is started before the expiration of the standard record retention period, the records shall be retained until all litigation, claims or audits have been resolved and final action has been taken.

The district shall ensure that all personally identifiable data protected by statute or regulation is handled in accordance with the requirements of applicable law, regulations, board policy, administrative regulations, and procedures.

Compliance Violations

Contracts shall be reviewed by the { } Board Clerk { } Business Manager { } Superintendent { } Board’s Attorney prior to submission to the board for approval.

Contracts to which the Uniform Grant Guidance apply shall contain the clauses specified in Appendix II to 2 CFR Part 200 (Contract Provisions for Non-Federal Entity Contracts Under Federal Awards), when applicable.

*See Food Service Program Notes below for specific clauses required by USDA regulations to be included in cost reimbursable procurement contracts.*

**Micro-Purchases Not Requiring Quotes or Bidding**

For purposes of this procedure, micro-purchase means a purchase of supplies or services for use in federally funded programs using simplified acquisition procedures, the aggregate amount of which does not exceed a base amount of $10,000. The micro-purchase dollar threshold is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register shall apply if other than $10,000. (48 CFR Subpart 2.1)

*Note: The micro-purchase maximum for federal purposes is lower than the amount below which the Policy DJED allows purchase for nonfederal purposes to be made without using formal competitive bidding.*

The micro-purchase method is used to expedite the completion of its lowest dollar small purchase transactions and minimize the associated administrative burden and cost. Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold.

To the extent practicable, the district distributes micro-purchases equitably among qualified suppliers when the same or materially interchangeable products are identified and such suppliers offer effectively equivalent rates, prices, and other terms. The { } Superintendent { } Business
Manager \{\} Purchasing Agent \{\} Board Clerk \{\} Board Treasurer will be responsible to
determine the equitable distribution of micro-purchases.
Micro-purchases may be awarded without soliciting competitive quotations if the district
considers the price to be reasonable. The district will maintain evidence of this reasonableness in
the records of all micro-purchases. Reasonable means that sound business practices were
followed, and the purchase is comparable to market prices for the geographic area. Such
determinations of reasonableness may include comparison of the price to previous purchases of
the same item or comparison of the price of items similar to the item being purchased.
Even if the cost of a purchase qualifies it as a micro-purchase, bidding or small purchase
procedures may be used optionally when those procedures may result in cost savings.

Small Purchase Procedures
For purposes of this procedure, small purchase procedures are those relatively simple and
informal procurement methods for securing materials, goods, or wares or for completing
construction, reconstruction, or remodeling that cost more than the amount qualifying as a micro-
purchase and do not cost $20,000 or more, or in the case of services other than construction,
reconstruction or remodeling, where the total cost does not exceed the $250,000 federal
Simplified Acquisition Threshold at which formal competitive bidding or competitive proposals
are required. Small purchase procedures cannot be used for construction, reconstruction or
remodeling costing $20,000 or more or for the purchase of materials, goods or wares costing
$20,000 or more because the board policy and Kansas law requires formal competitive bidding at
that level of cost.
The base amount at which bidding is required under state law for construction, reconstruction or
remodeling or for the purchase of materials, goods or wares is $20,000. (K.S.A. 72-1151)
The federal Simplified Acquisition Threshold at which competitive bidding or competitive
proposals are required is adjusted periodically by the federal government, and the
threshold most recently established and published in the Federal Register shall apply if
other than $250,000. (48 CFR Subpart 2.1)
Because state law does not require competitive bidding for the purchase of services other than
for construction, reconstruction or remodeling with a cost in excess of $20,000, small purchase
procedures, including a request for proposal (RFP) procedure, may be used for procurement of
such other services except when the estimated total cost will be at or over the federal threshold at
which formal competitive bidding or competitive proposals are required ($250,000).
[See Food Service Program Notes below for exemption from bidding for purchases of
perishable food items costing less than $250,000.]

Formal Competitive Bidding
Publicly Solicited Sealed Competitive Bids:
For construction, reconstruction, or remodeling or for the purchase of materials, goods or wares,
sealed competitive bids are publicly solicited and awarded to the lowest responsible bidder as
provided in Policy DJED when the total cost is estimated to be $20,000 or more.
Note: The amount at which formal competitive bidding or competitive proposals are
required by federal regulations is much higher than the base amount at which the policy
and state law requires competitive bidding. Therefore, the lower base amount specified by
Policy DJED will be used for purchases of equipment or supplies, or for obtaining services
for construction, reconstruction or remodeling costing $20,000 or more.
State law does not require bidding for the purchase of services other than for construction, reconstruction or remodeling regardless of total cost. For procurement of such other services for federally funded purposes to which the Uniform Grant Guidance applies, formal competitive bidding or competitive proposals will be used when the estimated total cost will be at or over the federal threshold of $250,000.

The federal Simplified Acquisition Threshold at which competitive bidding or competitive proposals are required is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register shall apply if other than $250,000. (48 CFR Subpart 2.1)

For procurement of services costing at or over the $250,000 federal threshold other than for construction, reconstruction or remodeling, the use of competitive sealed bidding is considered feasible and appropriate when:

1. A complete, adequate, and realistic specification or purchase description is available;

2. Two (2) or more responsible bidders are willing and able to compete effectively for the business; and

3. The procurement lends itself to a firm fixed-price contract, and the selection of the successful bidder can be made principally on the basis of price.

Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of. Any or all bids may be rejected if there is a sound documented reason.

[See Food Service Program Notes below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]

**Competitive Proposals**

State law does not require public school entities to solicit competitive bids for services other than for construction, reconstruction or remodeling, for which competitive bidding is required if the cost will be a base amount of $20,000 or more.

Federal regulations allow the use of competitive proposals as an alternative to formal competitive bidding when conditions are not appropriate for the use of sealed bids.

In the case of services other than for construction, reconstruction or remodeling costing less than that threshold, the district may use small purchase procedures or micro-purchase procedures as applicable based on total cost. A request for proposal (RFP) process can also meet or exceed the small purchase competition requirements under state law and Policy DJED for the acquisition of services other than for construction, reconstruction or remodeling, and can be used if the total cost will be less than $250,000.

When permitted, the technique of competitive proposals is normally conducted with more than one (1) source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. Competitors' qualifications are evaluated, and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The district shall comply with other applicable state and federal law and regulations, board policy and administrative regulations or procedures regarding purchasing; the district may consult with the school solicitor or other qualified counsel in determining the required process for purchasing through competitive proposals when necessary.
If this method is used, the following requirements apply:

1. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical.
2. Proposals must be solicited from an adequate number of qualified sources.
3. There must be a written method for conducting technical evaluations of the proposals received and for selecting recipients.
4. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.
5. Competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors’ qualifications are evaluated and the most qualified is selected, subject to negotiation of fair and reasonable compensation, are allowed. The method where price is not used as a selection factor can only be used in procurement of A/E professional services and cannot be used to purchase other services through A/E firms.

Competitive proposals shall be evaluated by the { } Superintendent { } Business Manager { } Federal Programs Coordinator based on factors including but not limited to:

1. Cost.
   { } Experience of contractor.
   { } Availability.
   { } Personnel qualifications.
   { } Financial stability.
   { } Minority business, women’s business enterprise, or labor surplus area firm status.
   { } Project management expertise.
   { } Understanding of district needs.
   { } Other ______________________.

Evaluations shall be completed in a timely manner, documented and shall be reviewed by the { } Board { } Superintendent { } Business Manager { } Federal Programs Coordinator { } school solicitor.

**Contract/Price Analysis**

The district performs a cost or price analysis in connection with every procurement action in excess of $250,000, including contract modifications. (2 CFR Sec. 200.323(a)).

A **cost analysis** generally means evaluating the separate cost elements that make up the total price, while a **price analysis** means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the { } Superintendent { } Business Manager { } Federal Programs Coordinator must come to an independent estimate prior to receiving bids or proposals. (2 CFR Sec. 200.323(a)). As part of the analysis, the ______________________ will enact established business practices which may include evaluation of similar prior procurements and a review process.

**Negotiated Profit**

In any procurement in which there has been no price competition, or in which a cost-analysis is performed, profit must be negotiated separately as an element of price.
Accordingly, solicitations of bids, proposals or quotes shall require that bids, proposals or quotes be limited to costs other than profit, and exclude profit.

To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor’s investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work. (2 CFR Sec. 200.323(b)).

When profit must be negotiated as a separate element of the total price, it shall be negotiated by the { } Superintendent { } Business Manager { } Federal Programs Coordinator.

Noncompetitive Proposals (Sole Sourcing)

Procurement by noncompetitive proposals means procurement through solicitation of a proposal from only one (1) source and may be used only when one or more of the following circumstances apply:

1. The item is available only from a single source.
2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation. An emergency exists whenever the time required for the board to act in accordance with regular procedures would endanger life or property or threaten continuance of existing school classes.
3. The federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the district.
4. After solicitation of a number of sources, the district determines the competition is inadequate.

In addition to standard procurement policy and procedures, the district will document the grounds for using the noncompetitive method in lieu of an otherwise required competitive method of procurement, which may include written confirmation from the contractor as the sole source of the item. Documentation must be submitted to and maintained by the district office. All noncompetitive proposals will ultimately be approved by the board. The district may utilize legal advice regarding noncompetitive proposals. Profit must be negotiated separately for noncompetitive proposals, and a cost or price analysis will also be performed for noncompetitive proposals when the price exceeds $250,000.

Purchase Cards

The district approves the use of procurement cards for permissible purchases by designated employees to improve the efficiency of purchasing activities, reduce processing expenses, improve controls for small-dollar purchases, and streamline contractor payment. Procurement cards may be used for purchases under federal programs.

Full and Open Competition

All procurement transactions must be conducted in a manner providing full and open competition consistent with 2 CFR Sec. 200.319. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements. Some of the situations considered to be restrictive of competition include but are not limited to:

1. Placing unreasonable requirements on firms in order for them to qualify to do business.
2. Requiring unnecessary experience and excessive bonding.
3. Noncompetitive pricing practices between firms or between affiliated companies.
4. Noncompetitive contracts to consultants that are on retainer contracts.
5. Organizational conflicts of interest.
6. Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance or other relevant requirements of the procurement.
7. Any arbitrary action in the procurement process.

**Minority Businesses, Women’s Business Enterprises, Labor Surplus Area Firms**
The district must take necessary affirmative steps to assure that minority businesses, women’s business enterprises, and labor surplus area firms are used when possible. Affirmative steps must include: (2 CFR Sec. 200.321)
1. Placing qualified small and minority business and women’s business enterprises on solicitation lists.
2. Assuring that small and minority businesses, and women’s business enterprises are solicited whenever they are potential sources.
3. Dividing total purchasing requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business and women’s business enterprises.
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses and women’s business enterprises.
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.
6. Requiring the prime contractor, if subcontracts are let, to take the affirmative steps listed above.

**Geographical Preferences Prohibited**
The district must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals for purchases made with federal funds, except in those cases where applicable federal statutes expressly mandate or encourage geographic preference. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

[See Food Service Program Notes below for permissibility of geographic preferences and “Buy American” practices in purchasing certain food products]

**Prequalified Lists**
The district must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, the district must not preclude potential bidders from qualifying during the solicitation period.

[See Food Service Program Notes below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]
Solicitation Language
The district must ensure that all solicitations incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equivalent” description may be used to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

Avoiding Acquisition of Unnecessary or Duplicative Items
The district must avoid the acquisition of unnecessary or duplicative items. Additionally, consideration must be given to consolidating or breaking out procurements to obtain a more economical purchase; and, where appropriate, an analysis must be made of leases versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

These considerations are given as part of the process to determine the allowability of each purchase made with federal funds. Such considerations are accessible in the procedure to Policy DFAC: Allowability of Costs – Federal Programs.

Use of Intergovernmental Agreements and Cooperative Purchasing
To foster greater economy and efficiency, the district enters into state and local intergovernmental agreements where appropriate for cooperative purchasing or use of common or shared goods and services, as permitted by the Intergovernmental Cooperation Act.

When procuring supplies or services for federally funded purposes to which the Uniform Grant Guidance applies, the district shall verify that the organization conducting the procurement pursuant to such agreements complies with the applicable procurement methods, requirements, and standards of the Uniform Grant Guidance as outlined in this procedure.

Use of Federal Excess and Surplus Property
The district considers the use of federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

Debarment and Suspension
The district awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

[See Food Service Program Notes below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]

The district may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over $25,000 the district verifies that the contractor with whom the district intends to do business is not excluded or disqualified. (2 CFR Part 200, Appendix II, and 2 CFR Sec. 180.220 and 180.300).
All successful contractors must provide written certification that they have not been suspended or debarred from federal projects. The Business Manager and Federal Programs Coordinator will be responsible for verification. Such verification may include accessing the online federal System for Award Management (SAM) to determine whether any relevant party is subject to any suspension or debarment restrictions.

**Maintenance of Procurement Records**
The district must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

Maintenance of records of procurement will be governed by board Policies CN and DFAC.

**Time and Materials Contracts**
The district may use a time and materials type contract only: (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. **Time and materials type contract** means a contract whose cost to the district is the sum of: the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit. Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the district must assert a high degree of oversight to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

**Settlements of Issues Arising Out of Procurements**
The district alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the district of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

**Protest Procedures to Resolve Dispute**
The district maintains protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency. Protest procedures will be acted on in accordance with current state law and regulations, board policy and administrative regulations and procedures, and the advice of the board’s legal counsel.

**Food Service Program Notes:**

*Exemption from Bidding for Perishable Food Items* - Kansas law exempts purchases of food and foodstuffs necessary for the implementation or operation of any child nutrition program from bidding requirements. Bidding for such items is required only if the cost would be at or over the federal threshold at which formal competitive bidding is required ($250,000). Small purchase procedures may be used for purchases below $250,000, or micro-purchase procedures for purchases below $10,000. Use of bidding should be considered as an option if it is feasible and likely to result in cost savings.

*Geographic Preferences* -
The district is permitted to apply a geographic preference when procuring unprocessed, locally grown or locally raised agricultural products. When a geographic preference is applied, the district has discretion to determine the local area to which the geographic preference option will be applied.

**Unprocessed locally grown or locally raised agricultural products** means only those agricultural products that retain their inherent character. The effects of the following food handling and preservation techniques shall not be considered as changing an agricultural product into a product of a different kind or character: cooling; refrigerating; freezing; size adjustment made by peeling, slicing, dicing, cutting, chopping, shucking, and grinding; forming ground products into patties without any additives or fillers; drying/dehydration; washing; packaging (such as placing eggs in cartons), vacuum packing and bagging (such as placing vegetables in bags or combining two (2) or more types of vegetables or fruits in a single package); the addition of ascorbic acid or other preservatives to prevent oxidation of produce; butchering livestock and poultry; cleaning fish; and the pasteurization of milk. (7 CFR Sec. 210.21, 215.14a, 220.16)

**Buy American** -

The district shall purchase, to the maximum extent practicable, domestic commodities or products for food service purposes. The term **domestic commodity or product** means: (7 CFR Sec. 210.21, 220.16)

1. An agricultural commodity that is produced in the United States; and
2. A food product that is processed in the United States substantially using agricultural commodities that are produced in the United States.

**Mandatory Contract Clauses** -

The following provisions shall be included in all cost reimbursable contracts for food services purchases, including contracts with cost reimbursable provisions, and in solicitation documents prepared to obtain offers for such contracts: (7 CFR Sec. 210.21, 215.14a, 220.16)

1. Allowable costs will be paid from the nonprofit school food service account to the contractor net of all discounts, rebates and other applicable credits accruing to or received by the contractor or any assignee under the contract, to the extent those credits are allocable to the allowable portion of the costs billed to the school food authority;
2. (a) The contractor must separately identify for each cost submitted for payment to the school food authority the amount of that cost that is allowable (can be paid from the nonprofit school food service account) and the amount that is unallowable (cannot be paid from the nonprofit school food service account); or
   (b) The contractor must exclude all unallowable costs from its billing documents and certify that only allowable costs are submitted for payment and records have been established that maintain the visibility of unallowable costs, including directly associated costs in a manner suitable for contract cost determination and verification;
3. The contractor’s determination of its allowable costs must be made in compliance with the applicable departmental and program regulations and Office of Management and Budget cost circulars;
4. The contractor must identify the amount of each discount, rebate and other applicable credit on bills and invoices presented to the school food authority for payment and individually identify
the amount as a discount, rebate, or in the case of other applicable credits, the nature of the credit. If approved by the state agency, the school food authority may permit the contractor to report this information on a less frequent basis than monthly, but no less frequently than annually;
5. The contractor must identify the method by which it will report discounts, rebates and other applicable credits allocable to the contract that are not reported prior to conclusion of the contract; and
6. The contractor must maintain documentation of costs and discounts, rebates and other applicable credits, and must furnish such documentation upon request to the school food authority, the state agency, or the department.

Contracts with Food Service Management Companies -
Procedures for selecting and contracting with a food service management company (FSMC) shall comply with guidance provided by the Kansas State Department of Education, Division of Child Nutrition and Wellness, including standard forms, procedures and timelines for solicitation, selection and approval of proposals and contracts. (7 CFR Sec. 210.16, 210.19, 210.21, 215.14a, 220.16)

Pre-Plated Meals -
Procedures for selecting and contracting with contractors of pre-plated meals shall comply with guidance provided by the Kansas State Department of Education, Division of Child Nutrition and Wellness, including standard forms, procedures and timelines for solicitation, selection and approval of proposals and contracts. (7 CFR Sec. 210.16, 210.19, 210.21, 220.16)

DFE  Investment of Funds  DFE

The investment of school district monies shall be the responsibility of the superintendent, business manager, and/or the district treasurer.

Any monies not immediately required for the purposes for which the monies were collected or received may be invested as provided by current statute.

Posting Securities

All investments of district monies shall be secured to 100% of the amount of district monies by F.D.I.C. coverage, a pledge of direct federal obligations, or direct guaranteed federal agency deposits in accordance with requirements of state law. Exceptions to the required posting of securities shall be only as provided by law and with approval of the board.

All offerings of monies for investment shall state the amount to be invested and the maturity date of each investment.

All banks and savings and loan associations (hereafter "financial institution(s)"") with main or branch offices located within the district and the county or counties in which part of the district is located shall be given an opportunity to respond to requests for proposals on monies offered for investment. All responses shall be directed to the superintendent (or designee) and shall be specified on the basis of simple interest.

Distribution of monies for investment shall be as follows:

The treasurer or other person designated by the board shall inform each eligible financial institution of the total amount of money to be invested on a specified date and the maturity date of the investment. Each financial institution responding shall submit a single proposal of the rate of interest it would pay on all or part of the funds to be invested.
DFE Investment of Funds

Monies shall be invested with the financial institution offering the highest interest rate in such amount as the financial institution will accept, and any remaining amounts shall be invested with the financial institution(s) offering the next highest interest rates in such amounts as it will accept until all funds offered for investment are invested. No financial institution shall be eligible to receive any funds in the same offering at a rate lower than its proposal rate.

No proposal less than the most recently determined investment rate as defined in K.S.A. 12-1675a shall be accepted unless otherwise authorized by K.S.A. 12-1675. No funds will be invested for maturities of more than two years.

Any monies not otherwise invested in eligible financial institutions located in the district due to their inability, for whatever reason, to accept the funds, shall be invested in secured deposits in financial institutions which have offices located in counties in which a part of the school district is located.

Any monies not invested in financial institutions in the district or located in counties in which a part of the school district is located may be invested as authorized by Kansas law.

Monies available for reinvestment as a result of maturities may be reinvested with the financial institution holding such monies provided the financial institution agrees to pay the same or higher rate as that offered by the highest proposal at the time the requests for proposals were accepted.

In the event of identical high proposals, the allocation of monies to be invested between the financial institutions offering the high proposals shall be at the discretion of the superintendent.

The treasurer shall record the following information: the date of each request for proposal; the name of each financial institution notified; the name of
the officer notified; the proposal, the amount of monies the financial institution
is willing to accept at the rate proposed.

To be eligible to receive invested funds or deposits from the district, any
otherwise eligible financial institution shall have on file in the office of the
district treasurer a letter requesting its inclusion in any request for proposal and
providing proper assurance of compliance with requirements of applicable laws
and board policy relating to maintenance of proper security and assurance of its
membership in good standing consistent with current federal regulations. The
superintendent shall report monthly to the board on the district's investments.

Standardization

Whenever possible, standard lists of supplies and equipment shall be developed in all budget areas.

Quantity Purchasing

Quantity purchasing is encouraged.
DJED  Bids and Quotations Requirements  DJED

All purchases requiring competitive bids shall be made in accordance with current statutes.

The purchasing agent shall develop and maintain lists of potential suppliers. Bid lists shall be used to notify potential bidders.

Any supplier may be included in the list upon request. All bid lists shall be reviewed annually by the purchasing agent.

A copy of this policy shall be given to all bidders upon request.

All bids and supporting documentation shall be retained in the district office with the clerk for a period of three years after bids have been opened.

Bid Specifications

All bid specifications shall be written by the district’s purchasing agent and shall include required characteristics and quality standards. Specifications shall include, when necessary: required performance, surety, bid, and statutory bond information; compliance with preferential bid law; financial statements; the board’s right to reject any or all bids; compliance with all federal, state, and local laws, ordinances, and regulations; the date, time, and place for the opening of bids; and other items as the board directs.

The board shall avoid negotiation of bid specifications after bids have been accepted and shall correct specifications if they are inadequately written and request new bids. If an error is discovered in the bid specifications, all bids shall be returned unopened, and the project shall be rebid using corrected and/or amended specifications.
**Procedure**

All bids must be submitted to the clerk in sealed envelopes with the name of the bidder and the date of the bid opening plainly marked in the lower left-hand corner of the envelope. All bids shall be opened publicly on the stated date and time. All bidders and other interested persons may be present when the bids are opened.

Bids may be opened by the purchasing agent or other person designated by the board, and such opening shall be witnessed by one other district employee. The bids shall then be arranged in order from low to high before they are presented to the board for action.

**Responsible Bidder**

All bids shall be awarded to the lowest responsible bidder. The board remains the sole judge of whether a bidder is “responsible.” Criteria that may be used to judge whether the bidder is responsible by way of illustration and not limitation, are: financial standing, reputation, experience, prior working relationship with the district, resources, facilities, judgment, and efficiency.

The board may investigate whether the bidder is responsible by using information at hand to form an intelligent judgment, such as, but not necessarily limited to, the district’s architect, previous clients of the bidder, their own investigation, or an outside investigation agency.

**Withdrawal of Bids**

Any bid may be withdrawn and/or corrected prior to the scheduled time for opening of bids and no later than two days after the bids have been opened if a non-judgmental error has been made.
Any bid received after the publicized date and time shall not be considered by the board.

Rejection of Bids

A charge account for students paying full or reduced price for meals may be established with the district. Students at this high school level may charge no more than 10 days worth of meals to their account. Charging of a la carte or extra items to this account will not be permitted.

At the Elementary and Middle School level, meals will not be denied.
Parents must notify the school to stop food service for their elementary or middle school student. At the High School level, if any student fails to keep his/her account solvent as required by the district, the student shall not be allowed to charge further meals until the negative account balance has been paid in full or arrangements have been made to pay off the balance. However, such students will be allowed to purchase a meal if the student pays for the meal when it is received.

At least one written warning shall be provided to a student and his/her parent or guardian prior to denying meals for exceeding the district’s charge limit. If payment of the negative balance is not received within 5 working days of the maximum charge limit being attained, the debt will be turned over to the superintendent or superintendent’s designee for collection in accordance with board policy DP. If the debt is not paid within 90 days of mailing the final notice of the negative account balance under policy DP, it shall be considered bad debt for the purposes of federal law concerning unpaid meal charges and may be sent to the Kansas Debt Offset program for collection.

Payments for school meals may be made at the school or district office or online at www.usd475.org. Students, parents, and guardians of students are encouraged to prepay meal costs.

The district will provide a copy of this unpaid meal charges policy to all households at or before the start of school each year and to families and students that transfer into the district at the time of transfer. The terms of this policy will also be communicated to all district staff responsible for enforcing any aspect of the policy. Records of how and when it is communicated to households and staff will be retained.
Availability of Meals on Remote Learning Days Due to Severe Weather

When severe weather or poor road conditions due to ice and/or snow threaten the safety of students, the superintendent may close district schools or designate such days as remote learning days pursuant to policy EBBD. On these days, the superintendent will determine whether the weather and road conditions allow for safe passage of students, staff, and parents for the provision, service, and transportation of school meals to students.

If the superintendent determines it is safe to provide meal service on these days, school meals will be provided, although the manner of provision may be modified by the superintendent. If the superintendent determines that it is not feasible due to safety concerns to provide meal service on such days, notice that school meals will not be available on that day will be provided to students, parents, and affected staff members. Any alteration of the usual meal service process on these days will be communicated to staff, students, and parents using regular district communication channels.

SECTIONS
Energy Conservation

The Board of Education embraces energy conservation and believes it to be our responsibility to ensure that every reasonable effort is made to conserve energy and natural resources while exercising sound financial management.

We recognize the importance of adopting an energy conservation policy to govern this program. We also affirm the implementation of this policy will be the joint responsibility of the board, administration, faculty, staff, students, support personnel, and Cenergistic. Success is based on cooperation amid all groups.

To ensure the overall success of our behavior-based energy conservation program, the following areas will be emphasized:

- A designated campus Administrator will be accountable for energy conservation on his/her campus with Energy Specialist teams conducting energy audits and providing timely feedback.
- All personnel at each campus are expected to make a positive contribution to maximize energy conservation and produce real energy savings.
- Cenergistic will implement its energy conservation program primarily through an energy management team led by the Energy Specialist(s) in accordance with “Energy Guidelines” that will be adopted by administration and will define the “rules of engagement” for our energy program.
- Accurate records of energy consumption and cost will be maintained by the Energy Specialist for each campus to provide verifiable performance results on the goals and progress of the energy conservation program.
Further, to promote a safe, healthy learning environment and to complement the energy conservation program, each campus shall review and adhere to the energy conservation and building management guidelines for its facilities and systems, including HVAC, building envelope, and moisture management.

Whereas the Board is responsible for overseeing the operations and fiscal accountability of each institution under its governance,

Whereas the Board embraces energy conservation and desire for the District to become a nationwide institutional leader in energy conservation as part of our social responsibility to respect our natural resources,

Whereas the Board has engaged Cenergistic to use its expertise to develop and implement a comprehensive, behavior-based energy conservation program across the District,

Therefore, the Board directs the Superintendent and his/her agents to develop and implement short and long range strategies to maximize energy conservation.

SECTIONS
Roles of Districts, Schools, Parents/Guardians, and Students

The roles of District, families, and students regarding travel to and from school are as follows:

a. District/Schools. The role of District and individual schools is to encourage safe travel to and from school, and to encourage active transportation. Notwithstanding certain exceptions, District and individual schools assume no liability for injuries or other damages, including property damage, that may occur while a student is in transit to and from school.

b. Parents and Guardians. The role of parents and guardians is to make informed decisions about which mode of transportation best suits their student in light of (i) the student's personality, age, maturity, physical and cognitive development, and decision-making abilities, and (ii) the street, traffic, crime, and other relevant conditions likely to be encountered by the student when traveling to and from school. Parents and guardians are legally responsible and otherwise accountable for their student's safety and well-being when the student is traveling to and from school.

c. Students. The role of students is to be safe and responsible while traveling to and from school, following state and local law and the rules established by their families, and obeying school rules while traveling on school campus. Students should act as good role models for their peers by observing traffic and safety rules, caring for property, and being courteous to others.

District Task Force

District shall establish a Safe Routes to School District Task Force ("Task Force") to develop and implement strategies grounded in the "Five E's" (education, encouragement, engineering, enforcement, and evaluation) that address Safe Routes to School planning, funding, and policies. Specifically, the Task Force shall undertake the following:
* Evaluate the current policies and resources that support or inhibit safe and convenient transportation to or from school;
  * Ensure that resources for the Safe Routes to School program are distributed equitably across District schools and that any prioritization takes into account, among other things, personal and traffic safety concerns, crash data, infrastructure deficiencies, equity issues such as free/reduced lunch status, and existing and potential patterns of students walking and bicycling to school;
  * Promote the Safe Routes to School program throughout District;
  * Identify and pursue available funding (federal/state grants and other sources) to support Safe Routes to School; and
  * Evaluate the efficacy of District's Safe Routes to School policies, programs and activities.

Traffic Safety Education

District encourages individual schools to work with law enforcement to provide traffic safety education and trainings on active transportation skills for all students and teachers. District recommends that pedestrian skills and safety workshops occur in kindergarten and bicycle skills and safety workshops occur in fourth grade.

Walk to School Day and Other Promotional Activities

District supports events that encourage students to engage in active transportation to and from school and that promote active, healthy lifestyles for the community at large. Events may include Walk to School Days, Bike to School Days and School Walk-a-Thons.

Enforcement
improve implementation; and (iii) what amendments are needed to improve the Policy's success. District shall prepare a report detailing its findings and proposals to enact any necessary amendments. The report shall be made available to the public and district task force.

**Incorporation into Student and Parent Handbooks**

All schools will have a link to the district’s Safe Routes to School Policy from their Student and Parent Handbooks.

**Incorporation into School Wellness Policy**

This Safe Routes to School Policy is hereby incorporated into District's School Wellness Policy. District shall ensure that the School Wellness Policy reflects this addition.

**Limiting Restrictions on Active Transportation**

District acknowledges that the choice of which mode of transportation to use when traveling to and from school rests with students and/or their families, rather than with District or individual schools.

**Student Arrival and Dismissal**

District recognizes that ensuring student safety is especially critical during student arrival and dismissal times due to (i) increased automobile and bus traffic volume, and (ii) the potential for conflicts between different modes of transportation, which creates particular danger for those engaging in active transportation. Accordingly, District schools should strive to improve the safety of all modes of transportation during these time periods by separating active transportation from other forms of transportation as much as possible. Potential options may include, but are not limited to: establishing remote drop-off locations, car-free zones, single lanes for drop-offs and pick-ups, and early dismissal for active transporters.
Bicycles, Scooters, and Skateboards on Campus

District, in partnership with individual schools, shall designate active transportation routes to and from school grounds that provide for convenient travel to exterior access points (i.e. crosswalks, bike lanes, etc.). Although District cannot guarantee that all such routes will be completely safe at all times, District shall consider relevant factors, such as traffic patterns and dismissal times, to designate routes that are most likely to be safe.

Busing

District acknowledges that busing may play a significant role in supporting student learning and meeting District's educational and equity objectives.

School Design

District acknowledges that school design can have a significant impact on both the safety and number of students that engage in active transportation to and from school. Accordingly, when constructing a new school or renovating an existing school, District shall:

* Accommodate the safety and convenience of students, staff, and visitors, including those with disabilities, in arriving and departing by different modes of transportation, including but not limited to walking, bicycling, public transportation, school buses, and private automobiles; and

* Minimize conflicts between those engaging in active transportation, school buses, and private automobiles by providing, at a minimum, safe crossings of parking lots and other areas of potential conflict
School Travel Plan: Moving Beyond the Bus

District encourages that each school adopt a School Travel Plan that addresses all modes of active transportation and related safety, access, and parking issues. The plans shall also include goals, strategies, and objectives for increasing active transportation among students and staff, including those with disabilities. At a minimum, the School Travel Plan shall contain a map identifying the school, streets surrounding the school, existing traffic controls, established pedestrian and bicycle routes, pedestrian crossings, school and municipal bus routes and bus stops, and any other infrastructure or plans that facilitate routes which separate active commuters from motor vehicles, with the goal of minimizing risk of injury and maximizing the safety and convenience of active transportation.

Adopted by Board 07/15

SECTIONS
Requests to use district buildings and/or facilities for displaying permanent memorials, hosting funeral or memorial services, or honoring a person with its name shall be considered in accordance with the following provisions.

Memorials

As places designed primarily to support learning, school sites should not serve as the main venue for permanent memorials for students or staff. Permanent memorials for deceased students or staff shall be limited in form to items that improve or enhance the school environment and perpetual awards or scholarships for district students.

Any permanent memorials in existence before the adoption of this policy can only be removed by board action.

Funerals

Use of school facilities for funerals is discouraged. If requests are made to hold funeral or memorial services at district facilities, such requests will only be considered if any services are scheduled after school has dismissed for the day or on weekends.

Requests for funeral and memorial services and shall be made to the superintendent and the board must approve all requests.

Naming of Facilities

The board will consider requests from school and community groups to name an athletic or other school activity facility, building, or a portion thereof for a person provided the proposed name has special significance and/or the person has made an outstanding contribution to the school or the school system.
and has been deceased for at least {10} years. The board shall consider naming requests after they are recommended by the superintendent.

The official name selected for a facility or a portion thereof is a vital factor in the public image of the school district. The honor and integrity of the name selected reflects upon the facility and the district. Any proposed name that is incompatible with the best interests of the district--its educational mission, values or public image--may be rejected by the board.

Committee Procedures for Selecting Facility Names

Facilities under the directions of the board will be named by the following procedures: The board will appoint a committee whose function will be to review potential names and to make recommendations to the board. The committee will have representatives from the board, community, military, administration, and teaching staff. The public and members of the staff will be invited to suggest names to the committee along with documentation to support the nomination.

The committee shall consider names of persons who have achieved national, regional, state, or local prominence in education; arts and sciences; the humanities; government, political or military leadership or heroism; the judiciary; civic leadership; humanitarian or philanthropic causes; names related to the history, general location, or features of the area; or the educational terms, practices, or concepts of the facility or district.

Facilities will not be named for persons currently employed by the district or active in its operation or who currently hold any public office. The name of a past staff or board member shall not be considered unless at least five years has passed since the end of the employment or service.
The committee shall recommend three names to the board. Such recommendation shall be in writing with reasons for its recommendations, including preference. The board is ultimately responsible for naming facilities and may reject any or all recommendations. No facility or portion thereof shall be named without official action from the board.

**Naming to Acknowledge Financial Contributions**

Financial contributions shall not give rise to any right, belief or expectation that a facility or a portion thereof will be named for the person(s), organization, association or business making the contribution. Portions of school facilities may, at the discretion of the board, be named for a person(s), organization or business that has made significant financial contributions for the construction, maintenance or furnishing of the facility, with the board considering the following criteria:

1) “Significant contributions” shall be defined as those in excess of $250,000.
2) Preference will be given to the name of a person or family.
3) The name of a business or organization may be used, but logos, trade names, brand names, labels or trademarks are not allowed on school facilities.
4) Any signage must meet standards established by the superintendent and must have approval from the board.

Adopted by the Board on 08/14; Revised 09/16
FD  Capital Outlay Long Range Planning

The board directs the administration to develop long-range plans and reliable methods to project capital outlay needs. The long-range planning process may include recommendations from patrons, consultants, architects, the board attorney, the district staff and representatives from local, state and federal governmental agencies.

The superintendent shall report recommendations concerning the district's capital outlay needs to the board on or before the regular board meeting each March.

Adopted by Board 07/15

SECTIONS

"Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the person involved.

The "decision-maker" reviews all the evidence and prepares an impartial written responsibility determination as to whether the alleged conduct occurred and provides an opportunity for the parties and their representatives to prepare
written questions to be answered by the other party. The decision-maker shall not be the Title IX Coordinator or investigator.

"Domestic violence" includes crimes of violence committed by a person who is a current or former spouse, partner, person with whom the victim shares a child, or who is or has cohabited with the victim as a spouse or partner, by a person similarly situated to a spouse of the victim under Kansas or applicable federal law, or by any other person against an adult or youth victim having protection from such person's acts by Kansas or applicable federal law.

A "formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment.

The "investigator" is the person who carries out the investigation after the formal complaint is filed and conducts interviews of the witnesses, collects the documents evidence, and drafts an investigate report.

A "respondent" is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

"Sexual assault" means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

"Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or to suffer substantial emotional distress.

The "Title IX Coordinator" is the individual designated at the district level who has responsibility to coordinate compliance with Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964 regarding
GAAC Sexual Harassment (See GAF and JGEC) GAAC-5
discrimination on the basis of sex, and the Kansas Act Against Discrimination. The Title IX Coordinator’s responsibilities include, but are not limited to: developing materials and ensuring professional development occurs for staff involved in Title IX compliance, creating systems to centralize records, gathering relevant data, contacting the complainant (and/or parents or guardians, if applicable) once the district has actual knowledge of alleged sexual harassment, coordinating the implementation of supportive measures, signing a formal complaint to initiate a grievance process, and ensuring any remedies are implemented.

The Title IX Coordinator, any investigator, decision-maker, or any person who facilitates an information resolution process shall not have a conflict of interest or bias for or against the complainant or respondent. These individuals shall receive training on the definition of sexual harassment; the scope of the education program and activities; how to conduct an investigation, including appeals and informal resolution processes; and how to serve impartially, including avoiding prejudgment of the facts, conflicts of interest, and bias. Decision-makers shall receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. Investigators shall receive training on issues of relevance of questions and evidence in order for them to create investigative reports that fairly summarize relevant evidence.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to their immediate supervisor, building administrator, or Title IX Coordinator. Employees who fail to report complaints or incidents of sexual
GAAC Sexual Harassment (See GAF and JGEC) GAAC-6

harassment to appropriate district official may face disciplinary action. District officials who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness, and persistence. Behaviors which are unacceptable but do not constitute harassment may also result in employee discipline.

If discrimination or harassment has occurred, the district will take prompt, remedial action to stop it and prevent its reoccurrence.

The Title IX Coordinator shall promptly respond in a meaningful way to any reports of sexual discrimination including sexual harassment of which the district has actual knowledge as follows:

* Contact the complainant within 10 business days and discuss the availability of supportive measures, with or without the filing of a formal complaint, and consider the complainant's wishes as to supportive measures; and

* inform the complainant of the right to a formal complaint investigation consistent with Title IX and the informal resolution process.

Support Measures

The district will treat the complainant and respondent equitably by offering supportive measures. These non-disciplinary and non-punitive measures will be offered as appropriate, as reasonably available, and without cost to the complainant or the respondent. Supportive measures are designed to restore or preserve equal access to the education program or activity without unreasonably
burdening the other party. "Supportive Measures" shall include, but not be limited to, measures designed to protect the safety of all parties, to protect the district's educational environment, or to deter sexual harassment. These measures may include counseling, extensions of deadlines or course-related adjustments, modifications of work or class schedules, escort services, mutual restriction on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring, and other similar measures. The Title IX Coordinator is responsible for coordinating the effective implementation of support measures.

The Formal Complaint

No investigation of alleged sexual harassment may occur until after a formal complaint has been filed.

A formal complaint is a document filed by the complainant or signed by the Title IX Coordinator alleging sexual harassment and requesting an investigation. The procedures for filing a formal complaint are as follows:

- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district concerning which the formal complaint is filed.
- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. Filing of the complaint with the Title IX Coordinator may be done in person, by mail, or by email. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved, the Title IX Coordinator may initiate the
complaint. Forms for filing written complaints are available in each school building office and the central office.

- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 calendar days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.

- An investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by a qualified individual designated by the Title IX Coordinator or another individual appointed by the board. The investigation shall be thorough. All interested persons, including the complainant and the respondent, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.

**Formal Complaint Notice Requirements**

Upon filing of a formal complaint, the district shall provide written notice to the known parties including:

- Notice of the allegations of sexual harassment including sufficient details to prepare a response before any initial interview including:
  - the identities of the parties involved, if known;
  - the conduct allegedly constituting sexual harassment; and
  - the date and location of the alleged incident, if known.

The district's investigation procedures, including any informal resolution process;
• A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;

• Notice to the parties they may have an advisor of their choice and may inspect and review any evidence; and

• Notice to the parties of any provision in the district’s code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice initially provided, notice of the additional allegations shall be provided to known parties.

**Formal Complaint Investigation Procedures**

To ensure a complete and thorough investigation and to protect the parties, the investigator shall:

• Ensure that the preponderance of the evidence burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the district and not the parties;

• Provide an equal opportunity for the parties to present witnesses and evidence;

• Not restrict either party’s ability to discuss the allegations under investigation or to gather and present relevant evidence;

• Allow the parties to be accompanied with an advisor of the party’s choice;
GAAC  Sexual Harassment (See GAF and JGEC)  GAAC-10

- Provide written notice of the date, time, location, participants, and purpose of any interview, meeting, or hearing at which a party is expected to participate;
- Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint, including the investigative report, and the opportunity to respond to that evidence before a determination is made;
- Be impartial and objectively evaluate all relevant evidence without relying on sex stereotypes;
- Not have conflicts of interest or bias for or against complainants or respondent;
- Not make credibility determinations based on the individual’s status as complainant, respondent, or witness.

Formal Complaint Investigation Report

The investigator shall prepare an investigative report that fairly summarizes relevant evidence and share the report with the parties and their advisors for review and response.

Before completing the investigative report, the investigator must send each party and their advisors the investigative report for review and allow the parties 10 days to submit a written response for the investigator’s consideration.

Decision-Maker’s Determination

Upon receiving the investigator’s report, the decision-maker must make a determination regarding responsibility and afford each party the opportunity to submit written, relevant questions that the parties want asked of any party or
GAAC  Sexual Harassment (See GAF and JGEC)  GAAC-11

witness, provide each party with the answers, and allow for additional, limited follow-up questions.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence. The decision-maker’s written determination shall:

- Identify the allegations potentially constituting sexual harassment;
- Describe the procedural steps taken, including any notifications to the parties, site visits, methods used to gather evidence, and interviews;
- Include the findings of fact supporting the determination;
- Address any district policies and/or conduct rules which apply to the facts;
- A statement of, and rational for, the result as to each allegation, including a determination regarding responsibility; and
- The procedures and permissible bases for the complainant and/or respondent to appeal the determination.

The written determination may, but is not required to, recommend disciplinary sanctions and any remedies designed to preserve access to the educational program or activity that may be provided by the district to the complainant.

A copy of the written determination shall be provided to both parties simultaneously.

The range of disciplinary sanctions and remedies may include, but may not be limited to, supportive measures, short term suspension, long term suspension, expulsion for students, and/or termination for employees.
Sexual Harassment (See GAF and JGEC)

Complainants and respondents shall be treated equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made. The Title IX Coordinator is responsible for the effective implementation of any remedies. If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.

If the investigation results in a recommendation that an employee be suspended with or without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and/or state law will be followed.

Records relating to complaints filed and their resolution shall be maintained by the Title IX Coordinator for seven years.

The decision becomes final on the date the parties receive the results of an appeal, if any appeal is filed, or on the date the opportunity for an appeal expires.

Appeals

The complainant or respondent may appeal the decision-maker’s determination regarding responsibility or a dismissal of a formal complaint, on the following base:

• Procedural irregularity that affected the outcomes;

• New evidence that was not reasonably available at the time that could affect the outcome; and/or

• The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias against either party that affected the outcome.
The request to appeal shall be made in writing to the Title IX Coordinator within 10 days after the date of the written determination. Appeals shall be a review of the record by an attorney, an independent hearing officer appointed by the board, or the board. The appeal decision-maker may not be the Title IX Coordinator, the Investigator, or the decision-maker from the original determination.

The appeal decision-maker will issue a written decision within 30 days after the appeal is filed. The appeal decision-maker will describe the result of the appeal and the rationale for the result.

The appeal decision-maker shall:

- Review the evidence gathered by the investigator, the investigator's report, and the original decision-maker's determination;
- Notify both parties in writing of the filing of an appeal and give them an opportunity to submit further evidence in writing;
- Not have a conflict of interest or bias for or against complainant or respondent and receive the required training;
- Issue a written decision and the rationale for the decision within 30 days after the appeal is filed;
- Describe the result of the appeal and the rationale for the result in the decision; and
- Provide the written decision simultaneously to both parties and to the Title IX Coordinator.

Informal Resolution Process

At any time during the formal complaint process and prior to reaching a determination regarding responsibility, the district may facilitate an informal
resolution process, such as mediation, that does not involve a full investigation and determination of responsibility.

The informal resolution process may be facilitated by a trained educational professional, consultant, or other individual selected by the Title IX Coordinator under the following conditions:

- The parties are provided a written notice disclosing the allegations, the requirements of the informal resolution process, information on when it may preclude the parties from resuming a formal complaint arising from the same allegations;
- At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the investigation of the formal complaint and be informed of any consequences resulting from participating in the informal resolution process;
- The parties voluntarily and in writing consent to the informal resolution process; and
- The informal resolution process cannot be used to resolve allegations that an employee sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the proposed resolution, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within 20 days after the complaint is resolved in this manner, the Title IX Coordinator shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved, or if the individual does not believe the resolution remains acceptable within 20
GAAC  Sexual Harassment (See GAF and JGEC)  GAAC-15

days after the informal resolution document is executed, the individual or the
Title IX Coordinator may proceed with the formal complaint process.

If discrimination or harassment has occurred, the district will take
prompt, remedial action to prevent its reoccurrence. The district prohibits
retaliation or discrimination against any person for opposing discrimination,
including harassment; for participating in the complaint process; or making a
complaint, testifying, assisting, or participating in any investigation,
proceeding, or appeal.

Use of this complaint procedure is not a prerequisite to the pursuit of any
other remedies including the right to file a complaint with the Office for Civil
Rights of the U.S. Department of Education, the Equal Employment Opportunity
Commission, or the Kansas Human Rights Commission.

Initiation of a complaint of sexual harassment in good faith will not
adversely affect the job security or status of an employee, nor will it affect his
or her compensation. Any act of retaliation or discrimination against
any person who has filed a complaint or testified, assisted, or participated in
any investigation proceeding, or hearing involving sex discrimination including
sexual harassment is prohibited. Any person who retaliates is subject to
immediate disciplinary action, up to and including termination of employment.

To the extent possible while still following the above procedures,
confidentiality will be maintained throughout the investigation and resolution of
a complaint. The desire for confidentiality must be balanced with the district’s
obligation to conduct a thorough investigation, to provide supportive measures to
GAAC Sexual Harassment (See GAF and JGEC) GAAC-16

both parties, to take appropriate corrective action, and to provide due process to
the complainant and the respondent.

False or malicious complaints of sexual harassment may result in corrective
or disciplinary action against the complainant.

A summary of this policy and the complaint procedures including how to
report or file a formal complaint of sex discrimination or sexual harassment
shall be posted in each district facility, shall be published in employee
handbooks, and on the district’s, website as directed by the Title IX
Coordinator. Notification of the policy may include posting information
notices, publishing in local newspapers, publishing in newspapers and
magazines operated by the school, or distributing memoranda or other written
communications to students and employees. In addition, the district is required
to include a statement of nondiscriminatory policy in any bulletins,
announcements, publications, catalogs, application forms, or other recruitment
materials that are made available to participants, students, applicants, or
employees.

**Use of Seclusion**

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.
All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

**Training**

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee’s position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.
Notification and Documentation

The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student’s parents no later than the school day following the day of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.
GAAF  Emergency Safety Interventions  GAAF-8

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent’s rights; (3) information on the parent’s right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent’s written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

Law Enforcement, School Resource, and Campus Security Officers

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent’s preferred method of contact. A school shall not be required to provide
written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

**Documentation of ESI Incidents**

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. The documentation shall include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and
- Whether the student had a behavior intervention plan at the time of the incident.
All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent’s designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

**Reporting Data**

District administration shall report ESI data to the state department of education as required.

**Parent Right to Meeting on ESI Use**

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent’s request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan, such student’s IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.
For a student with a section 504 plan, such student’s section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student’s parent, a school administrator for the school the student attends, one of the student’s teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a
functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

**Local Dispute Resolution Process**

If a parent believes that an emergency safety intervention has been used on the parent’s child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.
Emergency Safety Interventions

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board’s receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

Employees shall not unlawfully manufacture, distribute, dispense, possess, and/or use controlled substances in the workplace.

The district will participate in workers compensation as required by current statute. The combined workers’ compensation benefits and salary received under allowed paid leave shall not exceed one full day's pay.

All employees of the district shall be covered by workers compensation. Workers compensation coverage is provided for all employees regardless of assignment, length of assignment, and/or hours worked per day. Benefits are for personal injury from accident or industrial diseases arising out of and in the course of employment in the district.

An injured employee must notify the designated employer’s workers compensation coordinator or, if the coordinator is unavailable, his or her supervisor within 20 days of the injury or within 20 days of repetitive trauma in order to be eligible for benefits.

The workers compensation plan will provide coverage for medical expenses and wages to the extent required by statute to those employees who qualify; however, the amount of workers compensation benefits and paid leave benefits shall not exceed a regular daily rate of pay. An employee using paid leave in combination with workers compensation will be charged for one full or partial day of paid leave, as provided for in the applicable leave policy or the negotiated agreement, for each day of absence until the employee’s paid leave is exhausted.

Any employee who is off work and drawing workers compensation benefits shall be required to provide the designated workers compensation

coordinator with a written doctor’s release before the employee is allowed
to return to work. In addition, should the employee be released to return to
work by a doctor and fail to do so, all benefits under paid leave shall terminate,
and those benefits under workers compensation shall be restricted as provided by
current statute.

Whenever an employee is absent from work and is receiving workers
compensation benefits due to a work-related injury or is receiving district paid
disability insurance, the employee may use available paid leave to supplement the
workers compensation or district paid disability insurance payments. Workers
compensation benefits and FMLA benefits provided in a board approved plan shall
run concurrently if both are applicable.

In no event shall the employee be entitled to a combination of workers
compensation benefits, district paid disability insurance, and salary in excess of
his/her full salary. Available paid leave may be used for this purpose until 1)
available paid leave benefits are exhausted; 2) the employee returns to work; 3)
the employee is released by the medical provider and a position is offered by the
employer, but the employee declines to return to work; or 4) employment is
terminated. Paid leave shall be deducted on a **prorata** amount equal to the
percentage of salary paid by the district.

**Testing**

The board, through its designated workers compensation
coordinator, may require employees who claim or are involved in an
accident in the course of employment to submit to a post-injury chemical
test. This includes instances where the district administration or workers
compensation coordinator has actual knowledge of an accident whether the employee has or has not requested medical treatment. If an employee refuses to submit to an employer requested post-injury chemical test, the employee forfeits all related workers compensation benefits as provided in K.S.A. 44-501(b)(1)(E). Chemical test collection, labeling, and performance shall meet the requirements found in K.S.A. 44-501(b)(3).

Choice of Physician

The board shall have the right to choose a designated health care provider to provide medical assistance to any employee who suffers an injury while performing their job. However, if the injured employee chooses to go to a medical provider other than the designated provider, the recovery for such expenses shall be limited to $500.00.

Whenever an employee has been diagnosed by a physician as having a communicable disease as defined in current regulation, the employee shall report the diagnosis and nature of the disease to the superintendent or the superintendent’s designee so that a proper reporting may be made to the county or joint board of health as required by current law.

An employee afflicted with a communicable disease dangerous to the public health may be excluded from district owned or operated property for the duration of the contagiousness in order to give maximum health protection to other school employees and to students.

The employee shall be allowed to return to duty upon recovery from the illness, when the employee is no longer contagious as authorized by the employee's physician or local health officer, or after the expiration of any period of isolation or quarantine.

The board reserves the right to require a written statement from the employee's physician or local health officer indicating that the employee is free from all symptoms of the communicable disease.

If a school employee has been diagnosed as having a communicable disease and the superintendent has been notified by the employee, the superintendent or the superintendent’s designee shall determine whether a release shall be obtained from the employee's physician or local health officer before the employee returns to duty.

Decisions regarding the type of employment setting for an employee with a communicable disease shall be made by the superintendent or the superintendent’s designee based upon consideration of the physical condition of the employee and the following factors:
GAR Communicable Diseases

- the nature of the risk;
- the duration of the risk;
- the severity of the risk; and
- the probability that the disease will be transmitted or cause harm to the employee or to others who will share the same setting.

No information regarding employees with communicable diseases shall be released by school personnel without the employee's consent except as allowed by state or federal law.

Additional Certifications of Health

If at any time the board has reason to believe that an employee is suffering from an illness detrimental to the health of pupils, the board reserves the right to require such employee to provide the board with a new certificate of health in order to protect the health, safety, and welfare of the school’s students.

Family and medical leave as required by federal law shall be granted for a period of up to 12 weeks during a 12-month period. For purposes of this policy, a 12-month period shall be defined as a fiscal year beginning on July 1 and ending the following June 30. Spouses who are eligible for FMLA leave and are both employed by the district may be limited to a combined total of 12 weeks of leave during any 12-month period if the leave is taken for birth of the employee’s son or daughter or to care for the child after birth, for placement of a son or daughter with the employee for adoption or foster care or to care for the child after placement, or to care for the employee’s parent with a serious health condition.

Leave is available for the following:

(1) the birth of a son or daughter of the employee and to care for the newborn child;
(2) the placement of a son or daughter with the employee for adoption or foster care and to care for the newly placed child;
(3) to allow the employee to care for the employee's spouse, son, daughter, or parent with a serious health condition;
(4) a serious health condition of the employee that makes the employee unable to perform the functions of his or her job;
(5) any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a covered military member on active duty (or has been notified of an impending call or order to achieve active duty) in support of a contingency operation; and
(6) the need to care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent, or next of kin of the service member. Eligible employees are, for reason (6) only,
GARI Family and Medical Leave

entitled to a combined total of 26 workweeks of leave during a 12-month period.

This leave shall normally be unpaid leave. However, if the employee has any paid vacation, personal, or sick leave that is available for use because of the reason for the leave, the paid leave shall be used concurrently with the annual family and medical leave. The superintendent will notify the employee of the beginning date of family and medical leave and the amount of the employee’s accrued paid leave designated as family and medical leave.

The employee is eligible for family and medical leave if he or she has been employed by the district for at least 12 months and has worked at least 1,250 hours during the 12-month period immediately preceding the commencement of the FMLA leave.

During the period of any unpaid family and medical leave, the board shall continue to pay the employer's share of the cost of group health benefits in the same manner as paid immediately prior to the leave. Any employee portion of the cost shall be paid by the employee to the clerk of the board on the payroll date or other time as the employee and superintendent may agree prior to the commencement of the leave. The board may terminate group health coverage if the employee's portion of the payment is not received within 30 days of the due date, so long as written notice of the delinquency in payment and the notice of intent to terminate coverage are sent at least 15 days prior to the termination.

When leave is foreseeable, the employee shall give written notice 30 days in advance. If leave is not foreseeable, notice will be given as soon as is practicable.
Upon the employee providing notice of need for leave, the employer will notify the employee of the following within 5 business days, absent extenuating circumstances:

a. whether or not the employee is eligible for FMLA leave, and the reasons that leave will or will not count as family and medical leave;
b. any requirements for medical certification;
c. employer requirement of substituting paid leave;
d. requirements for premium payments for health benefits and employee responsibility for repayment if employer pays employee share;
e. right to be restored to same or equivalent job; and
f. any employer required fitness-for-duty certifications.

The superintendent may require an instructional employee to continue leave until the end of a semester if the leave begins more than five (5) weeks before the end of a semester, lasts more than three (3) weeks and the return would occur during the last three (3) weeks of the semester.

Leave for reason 1 or 2 must be taken within 12 months of the date of birth or placement of the child. Family leave for reasons 1 or 2 may not be used intermittently or on a part-time basis without the prior approval of the superintendent.

If the leave is for a reason other than the employee's serious health conditions or for a qualifying exigency as described in section (5) above, the superintendent may require an instructional employee to continue leave until the end of a semester, if:

1. the leave begins in the last five (5) weeks of a semester, will last more than two (2) weeks and the return to work would occur in the last two

(2) weeks of a semester, or

2. the leave begins in the last three (3) weeks of a semester, and lasts more than five (5) days.

SECTIONS
GARID Military Leave

Employees are entitled to military leave under the Uniformed Services Employment and Reemployment Act of 1994. The Act applies to military service that began on or after December 12, 1994 or military service that began before December 12, 1994 if the employee was a reservist or National Guard member who provided notice to the employer before leaving work.

Reemployment rights extend to persons who have been absent from work because of “service in the uniformed services.” The uniformed services consist of the following military branches:

- Army, Navy, Marine Corps, Air Force, Space Force or Coast Guard.
- Army Reserve, Navy Reserve, Marine Corps Reserve, Air Force Reserve or Coast Guard Reserve.
- Army National Guard or Air National Guard.
- Commissioned corps of the Public Health Service.
- Any other category of persons designated by the President in time of war or emergency.

“Service” in the uniformed services means duty on a voluntary or involuntary basis in a uniformed service, including:

- Active duty.
- Active duty for training.
- Initial active duty for training.
- Inactive duty training.
- Full-time National Guard duty.
- Absence from work for an examination to determine a person’s fitness for any of the above types of duty.

The employee may be absent for up to five (5) years for military duty and retain reemployment rights. There are, however, exceptions which can exceed the five (5) years limit. Reemployment protection does not depend on the timing, frequency, duration or nature of an individual’s service. The
GARID Military Leave

Law enhances protections for disabled veterans including a requirement to provide reasonable accommodations and up to two (2) years to return to work if convalescing from injuries received during service or training.

The returning employee is entitled to be reemployed in the job that they would have attained had they not been absent for military service, with the same seniority, status and pay, as well as other rights and benefits determined by seniority. If necessary, the employer must provide training or retraining that enables the employee to refresh or upgrade their skills so they can qualify for reemployment. While the individual is performing military service, he or she is deemed to be on a furlough or leave of absence and is entitled to the non-seniority rights accorded other individuals on non-military leaves of absence. Individuals performing military duty of more than 30 days may elect to continue employer sponsored health care for up to 18 months at a cost of up to 102 percent of the full premium. For military service of less than 31 days, health care coverage is provided as if the individual had never left. All pensions which are a reward for length of service are protected.

Individuals must provide advance written or verbal notice to their employers for all military duty. Notice may be provided by the employee or by the branch of the military in which the individual will be serving.

Notice is not required if military necessity prevents the giving of notice; or, if the giving of notice is otherwise impossible or unreasonable.
Accrued vacation or annual leave may be used (but is not required) while performing military duty. The individual’s timeframe for returning to work is based upon the time spent on military duty.

</tbody>

The individual’s separation from service must be under honorable conditions in order for the person to be entitled to reemployment rights. Documentation showing eligibility for reemployment can be required. The employer has the right to request that an individual who is absent for a period of service of 31 days or more provide documentation showing:

- the application for reemployment is timely;
- the five-year service limitation has not been exceeded; and,
- separation from service was under honorable conditions.
If documentation is not readily available or does not exist, the individual must be reemployed. However, if after reemploying the individual, documentation becomes available that shows one or more reemployment requirements were not met, the employer may terminate the individual, effective immediately. The termination does not operate retroactively.

Questions should be directed to Veterans’ Employment and Training Service, U.S. Department of Labor.

Kansas law also requires reemployment if an individual is called to active duty by the state.

SECTIONS
GAT  Staff Use of Communication Devices (See IIBG and IIBGC)

The board encourages district employees to use technology, including communication devices, to improve efficiency and safety. The district expects all employees to use communication devices in a responsible manner that does not interfere with the employee's job duties. Employees who violate district policies and procedures governing the use of communication devices may be disciplined, up to and including termination, and may be prohibited from possessing or using communication devices while at work. Communication devices may not be used in any manner that would violate the district's policy on student-staff relations.

Definitions

“Communication device” is defined to include all portable devices that send or receive calls or text messages, allow the retrieval of email, or provide access to the Internet. Communication devices shall include, but may not be limited to cell phones, smart phones, iPads, and tablets.

“Use/Using” for the purposes of this policy mean answering or talking on the phone; sending or responding to a text, e-mail, or other communication; opening and viewing pictures or digital recordings; opening and listening to music or audio communications; accessing social media websites; playing games on such device; continuously checking a communication device; or any activity with a communication device that interferes with the employee’s job duties or appropriate supervision of students.

General Use

The district prohibits employees from using any communication device that interrupts or disrupts the performance of duties by the employee or otherwise interferes with district operations, as determined by the employee's
supervisor. This prohibition applies regardless of whether the communication device used is owned by the employee or provided by the district. Employees are responsible for keeping communication devices secure and, if possible, password protected.

Supervision of students and the provision of academic instruction are priorities in the district, and employees who are responsible for supervising and/or providing academic instruction to students must concentrate on these tasks at all times. Employees shall not use communication devices when they are responsible for supervising students or when their doing so interrupts or interferes with classroom instruction unless any of the following conditions occurs:

- The device is being used to instruct the students being supervised at the time;
- The use is necessary to the performance of an employment-related duty;
- The employee has received specific and direct permission from a supervisor to do so; or
- There is an emergency.

Even when these conditions exist, the employee is responsible for obtaining assistance in adequately supervising students during the approved use so that students are supervised at all times.

Use in Vehicles

Regardless of other provisions of this policy, unless there is an emergency, employees shall not use communication devices when:

- Driving district-provided vehicles;
• Operating a vehicle in which a student is being transported when the transportation is provided as part of the employee's job; or

• Supervising students who are entering or exiting a vehicle, crossing thoroughfares, or are otherwise attempting to safely reach their destinations.

Even in emergency situations, employees should first take all possible safety precautions before using communication devices. Employees are subject to local, state, and federal laws governing use of cell phones while driving and will be solely responsible for all traffic violation liabilities resulting from their use of a phone while driving.

**Use of District-Provided Communication Devices**

The district may provide communication devices and service to some employees to assist them in carrying out their employment-related duties on and off district property. Use of a district-provided communication device is a privilege. The superintendent or designee has sole discretion as to which employees will be provided communication devices and may recall any previously issued communication device. Employees do not have any expectation of privacy in district-provided communication devices or any information stored on them, and such devices may be confiscated and searched at any time.

Employees are expected to exercise reasonable care to protect district-provided communication devices from damage or theft and must report any such incidents immediately. The district may require employees to reimburse the district for any damage or theft that was the result of the employee's negligence. Users of district-provided communication devices must abide by any use limitations included in the district's service contract.
Personal Use of District-Provided Communication Devices

Personal use of district-provided communication devices is permissible as long as the use does not exceed the limits of the applicable plan. An employee whose use exceeds plan limitations will be required to reimburse the district for all expenses beyond those covered by the plan and may have privileges suspended or revoked unless the employee can show that all use was for employment-related duties and the device was not used for personal reasons. The amount of personal use of a communication device or service paid for under E-Rate can be no greater than the cost allocation submitted in the request for the E-Rate discount.

Staff Bring Your Own Device Policy

Use of employees’ personal communication devices during work hours shall be in a responsible manner that does not interfere with the employee's job duties. Such personal communication devices may only be used by the staff member and are not for student use. The security of personal computing devices is solely the responsibility of the staff member. Any loss resulting from damage or theft of personal communication devices in the school setting is not the responsibility of the district.

**SECTIONS**
IIA Performance-Based Credits

A student may earn credits towards high school graduation by demonstrating mastery of the course outcomes through a performance instrument. The standards for designing and passing the performance instrument shall be set sufficiently high to ensure credits earned by such means shall be equivalent to those offered in the framework of the Carnegie unit.

A written request to “test out” of a class must be submitted prior to the beginning of each semester/year. A student may not request to “test out” of a class in which he or she is currently enrolled or has been enrolled.

The request is to be evaluated within 30 school days by a review committee composed of: a building administrator, a school counselor, a faculty member appointed by the principal and the students’ parent(s) or guardian(s).

If the request is approved, the course instructor will have 30 school days to design a performance instrument that reflects mastery of all course outcomes. Commercially available instruments may be used if they cover all course objectives. A performance instrument shall be approved by the principal. The principal, in consultation with the instructor, will determine the setting and the timelines for the administration of the instrument, as well as the criteria for successful completion of those tasks.

The student has 10 school days in which those designated tasks developed by the teacher and approved by the administration must be performed. Credit for such classes shall be awarded only on a pass/fail basis. Students will be allowed only one opportunity to “test out” of any particular class. It will not be the responsibility of the school or the instructor to provide instructional and/or review time for the student. However, the outcomes, as noted in the district curriculum guide, and class syllabus will be made available.

(2) The phrase major life activities means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(3) The phrase has a record of such an impairment means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(4) The phrase is regarded as having an impairment means--
(i) Has a physical or mental impairment that does not substantially limit major life activities but that is treated by a public entity as constituting such a limitation;
(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or
(iii) Has none of the impairments defined in paragraph (1) of this definition but is treated by a public entity as having such an impairment.

(5) The term disability does not include--
(i) Transvestism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders not resulting from physical impairments, or other sexual behavior disorders;
(ii) Compulsive gambling, kleptomania, or pyromania; or
(iii) Psychoactive substance use disorders resulting from current illegal use of drugs.

Drug means a controlled substance, as defined in schedules I through V of section 202 of the Controlled Substances Act (21 U.S.C. 812).

Existing facility means a facility in existence on any given date, without regard to whether the facility may also be considered newly constructed or altered under this part.

Facility means all or any portion of buildings, structures, sites, complexes, equipment, rolling stock or other conveyances, roads, walks, passageways, parking lots, or other real or personal property, including the site where the building, property, structure, or equipment is located.
Service Animal Federal Regulations

Historic preservation programs means programs conducted by a public entity that have preservation of historic properties as a primary purpose.

Historic Properties means those properties that are listed or eligible for listing in the National Register of Historic Places or properties designated as historic under State or local law.

Housing at a place of education means housing operated by or on behalf of an elementary, secondary, undergraduate, or postgraduate school, or other place of education, including dormitories, suites, apartments, or other places of residence.

Illegal use of drugs means the use of one or more drugs, the possession or distribution of which is unlawful under the Controlled Substances Act (21 U.S.C. 812). The term illegal use of drugs does not include the use of a drug taken under supervision by a licensed health care professional, or other uses authorized by the Controlled Substances Act or other provisions of Federal law.

Individual with a disability means a person who has a disability. The term individual with a disability does not include an individual who is currently engaging in the illegal use of drugs, when the public entity acts on the basis of such use.

Other power-driven mobility device means any mobility device powered by batteries, fuel, or other engines—whether or not designed primarily for use by individuals with mobility disabilities—that is used by individuals with mobility disabilities for the purpose of locomotion, including golf cars, electronic personal assistance mobility devices (EPAMDS), such as the Segway® PT, or any mobility device designed to operate in areas without defined pedestrian routes, but that is not a wheelchair within the meaning of this section. This definition does not apply to Federal wilderness areas; wheelchairs in such areas are defined in section 508(c)(2) of the ADA, 42 U.S.C. 12207(c)(2).

Public entity means--
(1) Any State or local government;
(2) Any department, agency, special purpose district, or other instrumentality of a State or States or local government; and
(3) The National Railroad Passenger Corporation, and any commuter authority (as defined in section 103(8) of the Rail Passenger Service Act).

Qualified individual with a disability means an individual with a disability who, with or without reasonable modifications to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by a public entity.

Qualified interpreter means an interpreter who, via a video remote interpreting (VRI) service or an on-site appearance, is able to interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include, for example, sign language interpreters, oral transliterators, and cued-language transliterators.

Qualified reader means a person who is able to read effectively, accurately, and impartially using any necessary specialized vocabulary.

Service Animal Federal Regulations

Service animal means any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

State means each of the several States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, the Trust Territory of the Pacific Islands, and the Commonwealth of the Northern Mariana Islands.

Video remote interpreting (VRI) service means an interpreting service that uses video conference technology over dedicated lines or wireless technology offering high-speed, wide-bandwidth video connection that delivers high-quality video images as provided in § 35.160(d).

Wheelchair means a manually-operated or power-driven device designed primarily for use by an individual with a mobility disability for the main purpose of indoor or of both indoor and outdoor locomotion. This definition does not apply to Federal wilderness areas; wheelchairs in such areas are defined in section 508(c)(2) of the ADA, 42 U.S.C. 12207(c)(2).

Effective: March 15, 2011
28 C.F.R. § 35.136
§ 35.136 Service animals.

(a) General. Generally, a public entity shall modify its policies, practices, or procedures to permit the use of a service animal by an individual with a disability.
(b) Exceptions. A public entity may ask an individual with a disability to remove a service animal from the premises if--
   (1) The animal is out of control and the animal's handler does not take effective action to control it; or
   (2) The animal is not housebroken.
(c) If an animal is properly excluded. If a public entity properly excludes a service animal under § 35.136(b), it shall give the individual with a disability the opportunity to participate in the service, program, or activity without having the service animal on the premises.
Service Animal Federal Regulations

(d) Animal under handler's control. A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).

(e) Care or supervision. A public entity is not responsible for the care or supervision of a service animal.

(f) Inquiries. A public entity shall not ask about the nature or extent of a person's disability, but may make two inquiries to determine whether an animal qualifies as a service animal. A public entity may ask if the animal is required because of a disability and what work or task the animal has been trained to perform. A public entity shall not require documentation, such as proof that the animal has been certified, trained, or licensed as a service animal. Generally, a public entity may not make these inquiries about a service animal when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability (e.g., the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).

(g) Access to areas of a public entity. Individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of a public entity's facilities where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go.

(h) Surcharges. A public entity shall not ask or require an individual with a disability to pay a surcharge, even if people accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets. If a public entity normally charges individuals for the damage they cause, an individual with a disability may be charged for damage caused by his or her service animal.

(i) Miniature horses.

(1) Reasonable modifications. A public entity shall make reasonable modifications in policies, practices, or procedures to permit the use of a miniature horse by an individual with a disability if the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability.

(2) Assessment factors. In determining whether reasonable modifications in policies, practices, or procedures can be made to allow a miniature horse into a specific facility, a public entity shall consider--

(i) The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
(ii) Whether the handler has sufficient control of the miniature horse;
(iii) Whether the miniature horse is housebroken; and
(iv) Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

(3) Other requirements. Paragraphs 35.136(c) through (h) of this section, which apply to service animals, shall also apply to miniature horses.

JB Attendance Records

Daily attendance records shall be maintained for each student in each school. The primary responsibility for recording attendance shall be assigned to teachers using forms prescribed by the superintendent. A cumulative attendance record for each student shall also be maintained.

The superintendent shall include attendance data in the annual report to the board. Attendance problems shall be reported to the board as necessary.

Adopted by Board 07/15, Revised 02/16

SECTIONS
JBC Enrollment (See JIBGB, JBCA, JBCB and JQKA)

Resident Students

A "resident student" is any child who has attained the age of eligibility for school attendance and lives with a parent or a person acting as a parent who is a resident of the district. Children who are "homeless" as defined by Kansas law and who are located in the district will be admitted as resident students. For purposes of this policy, "parent" means the natural parents, adoptive parents, step-parents and foster parents. For purposes of this policy, "person acting as a parent" means a guardian or conservator, a person liable by law to care for or support the child, a person who has actual care and control of the child and provides a major portion of support or a person who has actual care and control of the child with written consent of a person who has legal custody of the child.

Non-resident Students

Non-resident students are those who do not meet the definition of a resident student. Although the district is not required to admit non-resident students, non-resident students may be admitted to the extent that staff, facilities, equipment, and supplies are available. Other criteria regarding students seeking non-resident student admittance may be considered prior to acting on any non-resident application as specified in this policy, and students residing outside of the state of Kansas may be denied enrollment or continued enrollment based on out-of-state residency.

Non-resident Student-Continued Enrollment

Non-resident students admitted to the district shall be evaluated each spring by district administration on the following criteria: whether the student made academic progress; residence in the state of Kansas; regularity and
punctuality of attendance; and disciplinary record, specifically whether the student complied with the student conduct code and avoided 1) major disciplinary problems and/or 2) a large number of referrals for minor disciplinary problems.

Students may be readmitted or denied admission for the next school year based on the results of these evaluations. However, if the student has a disability, the student's ability to meet these expectations shall be considered prior to denying continued enrollment in the district. Parents shall be informed of any administrative decision on non-resident student applications no later than the first day of school.

**Enrollment Restriction**

Unless approved in advance by the board, no student, regardless of residency, who has been suspended or expelled from another school district will be admitted to the district until the period of such suspension or expulsion has expired.

**Enrollment Procedures**

The superintendent shall establish orderly procedures for enrolling all students, including pre-enrollment, changes in enrollment, normal enrollment times, and communication to parents and to the public.

**Part-Time Students**

Part-time students (.5 FTE or more) may enroll with the administration’s permission if they complete all paperwork in a timely fashion and are in attendance no later than September 15th of the current school year. Part-time students may be admitted only to the extent that staff, facilities, equipment, and
supplies are available and the students follow the district’s student conduct policies and rules.

**Identification of Students**

All students enrolling in the district for the first time shall provide required proof of identity. Students enrolling in Kindergarten or first grade shall provide a certified copy of their birth certificate, a certified copy of the court order placing the child in the custody of the Secretary of the Department for Children and Families, or other documentation which the Board determines to be satisfactory. Students enrolling in grades 2-12 shall provide a certified transcript or similar pupil records or data, or other documentary evidence the board deems satisfactory.

The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The district shall work with the Department for Children and Families, the school last attended, or other relevant agencies to obtain necessary enrollment documentation.

If proper proof of identity is not provided within 30 days of enrolling, the superintendent shall notify local law enforcement officials as required by law and shall not notify any person claiming custody of the child.

**Enrollment Information**

The enrollment documentation shall include a student’s permanent record card with a student’s legal name as it appears on the birth certificate, or as
JBC  **Enrollment (See IIBGB, JBCA, JBCB and JQKA)**  

changed by a court order and the name, address, telephone number of the lawful custodian. The records shall also provide proper proof of identity.

**Assignment to a School Building, Grade Level, or Classes**

Unless otherwise provided herein, the superintendent shall assign students to the appropriate building. Any student desiring to attend a school outside the attendance area in which the student resides may do so only with the prior written permission of the superintendent.

If required by law, students placed in foster care or students who are homeless may be educated in their “school of origin” instead of the building corresponding to the assigned attendance area. (For definition of “school of origin”, see regulations for JBCA and JBCB.)

**Assignment to a particular grade level or particular classes**

shall be determined by the building principal based on the educational abilities of the student. If the parents disagree, the principal’s decision may be appealed to the superintendent. If the parents are still dissatisfied with the assignment, they may appeal in writing to the board.

**Transferring Credit**

In the middle school and in the high school, full faith and credit shall be given to units earned in other accredited schools at the time the student enrolls in the district, unless the principal determines there is valid reason for not doing so. For online credit approval procedures after enrollment, see board policy IIBGB.
Transfers from Non-Accredited Schools

Students transferring from non-accredited schools will be placed by the principal. Initial placement will be made by the principal after consultation with parents or guardians and guidance personnel. Final placement shall be made by the principal based on the student’s documented past educational experiences and performance on tests administered to determine grade level placement.

Adopted by Board 07/15, Revised 08/14; 09/15; 02/16; 03/17; 11/19
The district, in accordance with state and federal law and the Kansas state plan, will ensure that homeless children in the school district have access to a free and appropriate public education. Homeless students are individuals who lack a fixed, regular, and adequate nighttime residence. For the purposes of this policy, a student awaiting foster care placement shall not be considered homeless.

Coordinator

The board shall designate a homeless coordinator for the district.

Adopted by Board 07/15; Revised 03/17

Note: The reader is encouraged to review regulations and forms for related information.
Homeless students shall, by definition, include the following:

1. Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals.

2. Children and youth who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings.

3. Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.

4. Migratory children who meet one of the above-described circumstances.

Enrollment/Placement (See JBC)

The district, according to the child's or youth's best interest, shall either continue the child's or youth's education in the school of origin for the duration of homelessness in any case in which: 1) a family becomes homeless between academic years or during an academic year; and 2) for the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or enroll the child or youth in any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

School Stability

In determining the best interest of the child or youth, the district homeless student liaison shall:
1) presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;

2) consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth;

3) if, after conducting the best interest determination based on consideration of the presumption in clause (1) and the student-centered factors in clause (2), it is determined that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal such determination; and

4) in the case of an unaccompanied youth, ensure that the district homeless student liaison assists in placement or enrollment decisions under this subparagraph, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.
Immediate Enrollment

The school selected shall immediately enroll the homeless child or youth, even if the child or youth:

1) is unable to produce records normally required for enrollment, such as previous academic records, records of immunization and other required health records, proof of residency, or other documentation; or

2) has missed application or enrollment deadlines during any period of homelessness.

Relevant Academic Records

The enrolling school shall immediately contact the school last attended by the child or youth to obtain relevant academic and other records.

Relevant Health Records

If the child or youth needs to obtain immunizations or other required health records, the enrolling school shall immediately refer the parent or guardian of the child or youth, or (in the case of an unaccompanied youth) the youth, to the district homeless student liaison, who shall assist in obtaining necessary immunizations or screenings, or immunization or other required health records.

Records

Any record ordinarily kept by the school, including immunization or other required health records, academic records, birth certificates, guardianship records, and evaluations for special services or programs, regarding each homeless child or youth shall be maintained so that the records involved are available, in a timely fashion, when a child or youth enters a new school or school
JBCA  HOMELESS STUDENTS

district and in a manner consistent with the Family Educational Rights and Privacy
Act. See policies JR through JRD.

Enrollment Disputes

If a dispute arises over eligibility, school selection, or enrollment in a school:

1) the child or youth shall be immediately enrolled in the school in which enrollment is sought (whether sought by the parent, guardian, or unaccompanied youth), pending final resolution of the dispute, including all available appeals;

2) the parent or guardian of the child or youth or (in the case of an unaccompanied youth) the youth shall be provided with a written explanation of any decisions related to school selection or enrollment made by the school, the local educational agency, or the State educational agency involved, including the rights of the parent, guardian, or unaccompanied youth to appeal such decisions; and

3) the parent, guardian, or unaccompanied youth shall be referred to the district homeless student liaison, who shall carry out the dispute resolution process as expeditiously as possible after receiving notice of the dispute.

Placement Choice

The choice regarding placement shall be made regardless of whether the child or youth lives with the homeless parents or has been temporarily placed elsewhere.
Privacy

Information about a homeless child's or youth's living situation shall be treated as a student education record, and shall not be deemed to be directory information, under policy JRB.

Contact Information

Nothing shall prohibit the district from requiring a parent or guardian of a homeless child or youth to submit contact information.

Definition

The term “school of origin” means the school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool.

When the child or youth completes the final grade level served by the school of origin, the term “school of origin” shall include the designated receiving school at the next grade level for all feeder schools.

Comparable Services

Each homeless child or youth shall be provided services comparable to services offered to other students in the school selected, including:

1) Transportation services;

2) Educational services for which the child or youth meets the eligibility criteria, such as services provided under title I of the Elementary and Secondary Education Act of 1965 or similar State or local programs, educational programs for children with disabilities, and educational programs for English learners;

3) Programs in career and technical education;

4) Programs for gifted and talented students; and
5) School nutrition programs.

Coordination

the provision of programs for children with disabilities served by the district and other involved local educational agencies.

**District Homeless Student Liaison**

The board designates the following individual to act as the district's homeless student liaison: (Name of Office) (Business Address) (Phone-Fax). The district shall inform school personnel, service providers, and advocates working with homeless families of the duties of this liaison.

The district homeless student liaison shall ensure:

1) homeless children and youths are identified by school personnel through outreach and coordination activities with other entities and agencies;

2) homeless children and youths are enrolled in, and have a full and equal opportunity to succeed in, district schools;

3) homeless families and homeless children and youths have access to and receive educational services for which such families, children, and youths are eligible, including services through Head Start programs (including Early Head Start programs) under the Head Start Act (42 U.S.C. 9831 et seq.), early intervention services under part C of the Individuals with Disabilities Education Act (20 U.S.C. 1431 et seq.), and other preschool programs administered by the local educational agency;

7) enrollment disputes are mediated in accordance with these regulations;

8) the parent or guardian of a homeless child or youth, and any unaccompanied youth, is fully informed of all transportation services, including transportation to the school of origin, and is assisted in accessing transportation to the school that is selected;

9) school personnel providing services under these regulations receive professional development and other support; and

10) unaccompanied youths:
   a. are enrolled in school;
   b. have opportunities to meet the same challenging state academic standards as Kansas establishes for other children and youth; and
   c. are informed of their status as independent students under federal law regarding student financial assistance for higher

education acquisition and that the youths may obtain assistance from the district homeless student liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid.

The liaison shall also work with the state coordinator for education of homeless children and youth to request and receive needed technical assistance and monitoring to ensure the district complies with federal and state law regarding homeless students. Similarly, the liaison will coordinate with the state coordinator in order to provide professional development opportunities for district personnel to aid them in identifying and meeting the needs of homeless children and youths and will respond to inquiries from parents, guardians, and homeless children and youths to ensure they are provided with the full protection of the law and services they are due.

Notice

The district shall inform school personnel, service providers, advocates working with homeless families, parents and guardians of homeless children and youths, and homeless children and youths of the duties of the district homeless student liaison, and publish annually updated contact information for the liaison on the district's website.

Local and State Coordination

The district homeless student liaison, as a part of assigned duties, shall coordinate and collaborate with state coordinators, the community, and school personnel responsible for the provision of education and related services to homeless children and youths. Such coordination shall include collecting and providing to the state coordinator the reliable, valid, and comprehensive data.
JBCA  HOMELESS STUDENTS

Homeless Status

The district homeless student liaison may affirm, without further agency action by the Department of Housing and Urban Development, that a child or youth who is eligible for and participating in a program provided by the district, or the immediate family of such a child or youth, who meets the eligibility requirements, is eligible for such program or service.

Dispute Resolution Process

A complaint regarding the placement or education of a homeless child or youth shall first be presented orally and informally to the district's homeless student liaison. If the complaint is not promptly resolved, the complainant may present a formal written complaint (grievance) to the homeless student liaison. The written complaint must include the following information: date of filing, description of concerns, the name of the person or persons involved, and a recapitulation of the action taken during the informal charge stage. Within five (5) working days after receiving the complaint, the liaison shall state a decision in writing to the complainant, with supporting evidence and reasons. In addition, the liaison will inform the superintendent of the formal complaint and the disposition.

Transportation (See EDAA, JBC and JGG)

If it is in the best interest of the homeless child or youth to attend the school of origin, transportation to and from that school will be provided at the request of the parent or guardian or, in the case of an unaccompanied youth, the homeless coordinator. If the student's temporary housing is outside the attendance area of the school of origin, then the district will work with the school of origin

SECTIONS
The district, in accordance with state and federal law and the Kansas state plan, will ensure students placed in foster care within the school district have access to a public education in a stable educational environment. For the purposes of this policy and its applicable regulations, “foster care” means 24-hour substitute care for children placed away from their parents and for whom a child welfare agency has placement and care duties.

**Point of Contact**

The board shall designate an employee to serve as a point of contact for child welfare agencies on behalf of the district.

**Mobile Crisis Helpline**

Crisis support for Kansas families and children to resolve an emotional, psychiatric, or behavioral health crisis is available through the Department of Children and Families Mobile Crisis Helpline, 1-833-441-2240, including:

- Problem solving to resolve behavioral health crisis;
- Referral to community resources or recommendation to engage in stabilization services;
- In-person support via mobile crisis response; and
- Contacting mobile crisis response unit to assist in emergency situations.

Services are available to all Kansans 20 years or younger including anyone in foster care or formerly in foster care.

Adopted by Board 03/17

Revised 03/22
The Every Student Succeeds Act ("ESSA") addresses additional protections for students in foster care and establishes a system of joint responsibility for school districts, the Kansas State Department of Education ("KSDE"), and the Kansas Department for Children and Families ("DCF") to ensure the educational stability of students in foster care.

For the purposes of these regulations, “foster care” means 24-hour substitute care for children placed away from their parents and for whom a child welfare agency has placement and care duties. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child-care institutions, and pre-adoptive homes.

Transportation of Students in Foster Care

ESSA requires each Kansas school district to collaborate with child welfare agencies, such as DCF and tribal child welfare agencies, to develop and implement clear, written procedures for how transportation to maintain a student in foster care in his or her school of origin (when in the student’s best interest) will be provided, arranged, and funded. The procedures must ensure that the transportation will be provided promptly, in a cost-effective manner, and in accordance with federal law. Also, they must address how additional costs will be absorbed. Therefore, if there are any additional costs incurred to maintain a
JBCB FOSTER CARE STUDENT REGULATIONS

foster care student in his or her school of origin, the district will provide the transportation if:

1. DCF agrees to reimburse the district for the additional costs;
2. The district agrees to pay the additional costs; or
3. DCF and the district split the additional costs.

Upon request, the district will provide an assurance to KSDE that the district has transportation procedures meeting the above requirements.

Additional Costs

“Additional costs” reflect the difference between what the district would spend to transport a student to the assigned school and the cost of transporting a student in foster care to his or her school of origin. Title I, Part A funds may be used to pay for additional transportation costs in Title I districts.

School of Origin

The “school of origin” is the school in which a student is enrolled at the time of placement in foster care or of a change in placement. A student in foster care is entitled to remain enrolled in his or her school of origin unless it is determined not to be in the student’s best interest to stay at that school.

Best-Interest Determination

DCF will make the final decision regarding whether it is in a student’s best interest to remain in the school of origin. District staff may be asked to provide information on the “educational best interest” of the student to support educational decision-making based on what is best for the student academically. For students receiving special education and related services under the Individual with Disabilities Education Act or for students on Section 504 accommodation plans, it is recommended that relevant team members should be consulted in the
best interest determination process, as the district will still be required to ensure compliance with Least Restrictive Environment requirements.

The United States Department of Education has provided a list of factors that may be considered in determining the student’s educational best interest, which include appropriateness of the current setting, proximity of placement to school attendance centers, the child’s preference, the parents’ preference, the child’s attachment to the school of origin, where siblings will be placed, and the availability of needed services. The “best-interest determination” may not be made based on transportation costs or funding.

District Foster Care Liaison

The “district foster care liaison” is a district employee who facilitates the enrollment in or transfer to a public school of a student in the district who is a ward of the state. The district’s foster care liaison is considered the designated point of contact for collaboration with DCF on transportation procedures.

The District has designated the following staff person as the District foster care liaison:

Name:
Position:
E-mail:
Address:
Telephone:

Child Welfare Agency

In Kansas, DCF is the regular child welfare agency for collaboration on transportation procedures. The Child Protective Services (“CPS”) division of DCF will typically be the division that works with the district on issues related
to students in foster care, however, tribal child welfare agencies may also be involved with this process. Therefore, whenever DCF is used in these regulations, it may be deemed to apply to any child welfare agency based on the circumstances.

Child Welfare Contact

The district, if receiving Title I, Part A funds, must collaborate on transportation procedures with the DCF-designated contact if DCF notifies the district in writing that DCF has designated an employee to serve as a point of contact for the district.

SECTIONS
General Transportation Procedures (OPTIONAL)

To ensure that transportation is provided promptly when it is determined to be in the best interest of a student in foster care to remain in the school of origin, the district has developed the following transportation procedures. These procedures will guide the development of an individual transportation plan for a student needing transportation to his or her school of origin.

Funding Strategies

The district and DCF have identified the following funding options that may be implemented if additional costs to transport a student in foster care to the school of origin are determined:

(Adjust the items below to include those agreed upon by the district and DCF. Consider any cost-sharing strategies that the district has used successfully with neighboring districts in transporting students who are homeless to and from their school of origin or any other programs where transportation costs are shared.)

1. Cost sharing between the district and DCF through use of a specific transportation strategy in which each party is responsible for a segment of the transportation;

2. Offset of costs by DCF, such as using Title IV-E funds paid to a foster parent or caregiver for transportation;

3. Cost sharing between the school district of attendance and the school district where the student is living;

4. Use of the district’s Title I funds;

5. Use of Medicaid reimbursements if the IEP for a student receiving special education services will include transportation as a related service;
6. Use of any available grant funds; and
7. [Other].

Transportation Strategies

The following transportation strategies may be considered in achieving transportation to a student’s school of origin:

(Adjust the items below to include those agreed upon by the district and DCF. Consider any strategies that have been used successfully to transport students who are homeless to and from their school of origin and effective practices currently used to share transportation costs with neighboring districts, community partners, or others.)

1. Arranging transportation by the foster parent or caregiver to the school of origin or to a bus stop on a route to the school of origin, such as when the foster parent lives within a certain distance from the school of origin;

2. Arranging transportation by a relative or another adult approved by DCF with whom the student has a relationship and whose existing commute aligns with the student’s transportation need to the school of origin or a bus stop on a route to the school of origin;

3. Maximizing the existing district transportation system by exploring ways the student can be transported to an existing bus stop that serves the school of origin (options to transport the student to an existing bus stop could occur through use of public transportation with a bus pass or transportation voucher, or transportation by the foster parent or caregiver, a relative, or another adult with whom the student has a relationship);
4. Using existing intradistrict transportation options that allow students to be transported within the district, such as routes for students who are homeless, students attending magnet programs, or students receiving special education services (this option may require the addition of a bus stop on an existing route or that an existing route be rerouted to accommodate the transportation needs);

5. Coordinating with the district in which the student is living to provide transportation to the district boundaries or an existing bus stop within the district;

6. Evaluating whether an IEP for a student receiving special education services will include transportation to the student's special education program at the school of origin as a related service;

7. Contracting with a private transportation company, such as a taxi service, for the student's transportation needs;

8. Using public transportation with a bus pass or transportation voucher;

9. Adding a district transportation route; or

10. [Other].

**Individual Transportation Plan**

When DCF determines that the best interest of a student in foster care is to remain in the school of origin, the district foster care liaison will take steps to promptly collaborate with relevant DCF staff on how transportation to the school of origin will be provided, arranged, and funded.

When possible, and to allow for adequate consideration of the student's needs, individual transportation planning will begin in advance of placement.
The district foster care liaison will convene a meeting to establish an individualized transportation plan for the student. The liaison will attempt to include the student’s DCF education decision-maker and others who may be involved in education decision-making for the student, such as the student’s caseworker, foster parent or caregiver, and the court-appointed special advocate (CASA) liaison. The District foster care liaison may also involve other district staff, as appropriate. The liaison will involve the district transportation director if the individual transportation plan will involve adjustments to existing bus routes.

If necessary, the district foster care liaison will identify a short-term transportation strategy that may be used until the final transportation plan is completed so that the student can remain at the school of origin without interruption.

In evaluating transportation options to the school of origin, participants will prioritize student safety, cost effectiveness, reliability, and time and distance of the commute.

**Determining Additional Costs**

To identify whether additional costs will be incurred in an individual transportation plan to transport the student to the school of origin, the foster care liaison will consult with the district transportation director to calculate the cost of transporting the student to the school that the student would otherwise attend, which will be used as a comparison. In accordance with the federal Non-Regulatory Guidance, if the district is able to provide transportation through an
established bus route, there are no additional costs. If the district will reroute buses or provide transportation through a private vehicle or transportation company, the district may consider as additional costs the cost of rerouting buses or the difference between the special transportation costs and the usual transportation costs.

Administrative costs, such as additional staff time to coordinate transportation, will also be considered in determining whether there are additional costs to transport the student in foster care to the school of origin.

**Plan Elements**

The individual transportation plan may include:

1. A daily transportation strategy;
2. One or more backup transportation strategies;
3. Transportation strategies to allow participation in after-school and extracurricular activities;
4. A description of the funding strategy that will be used if additional costs to transport the student to the school of origin are identified;
5. Identification of who is responsible for each aspect of the transportation strategy;
6. Designation of an adult to accompany younger students, if necessary, such as when public transportation is used;
7. For transportation strategies with multiple segments, sign off procedures to ensure that the student safely and successfully completes each segment;
8. A communication protocol between the District and DCF when transportation for a student is no longer needed; and
9. *A regular review process for adjusting transportation strategies when circumstances change.*

The final individual transportation plan will require a signature by the foster care liaison and a district official who has authority to approve any additional expenditure. The DCF education decision-maker and the foster parent or caregiver, if different from the education decision-maker, will also be asked to sign the plan.

Excused/Unexcused Absences

The definition of “excused absence” includes the following:

JBD  Absences and Excuses (See AEB, IHEA, JBE and JDD)  

All absences which do not fit into one of the above categories would be considered an unexcused absence. A student serving a period of suspension or expulsion from the district shall not be considered inexcessably absent.

Significant Part of a School Day

If a student misses two or more hours of the school day, this shall be considered a significant part of the day.

Significant Part of the school day, for the purpose of truancy, is defined in procedures.

Truancy (See AEB, IDCE, JBD, and IQ)

Unless reporting would violate the terms of any memorandum of understanding between the district and the authority to which reports would be made. The building principal shall report students who are inexcusably absent from school to the appropriate authority.

Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester or seven unexcused absences in a school year, whichever comes first. School year means the period from July 1 to June 30. Students who are absent without a valid excuse for a significant part of any school day shall be considered truant.

Prior to reporting to either the Department for Children and Families (if the student is under 13) or the county or district attorney (if the student is 13 or more years of age but less than 18 years of age), a letter shall be sent to the student’s parent(s) or guardian notifying them that the student’s failure to attend school without a valid excuse shall result in the student being reported truant.

Waiver of Compulsory Attendance Requirements

Students 16 or 17 years of age may be exempt from compulsory attendance regulations if the parent(s) or person acting as parent attend(s) the counseling session required by law and signs the appropriate consent and waiver form; if the student earns a GED; or if the student is exempt from compulsory attendance requirements pursuant to a court order.
Involvement of Law Enforcement

Law enforcement officers may return truant children to the school where the child is enrolled, to the child’s parent or guardian or to another location designated by the board to address truancy issues.

Reporting to Parents

If a truant child is returned to school by a law enforcement official, the principal shall notify the parent or guardian.

Dual Enrollment Students

Eligible students who are enrolled in a board-approved dual enrollment program shall not be considered truant for the hours during the school day they attend classes at a Regent’s university, community college, technical college, vocational educational school or Washburn University.

Building administrators, school security officers, and/or others designated by the superintendent may conduct investigations and question students about violation of school rules, the student conduct code, and/or law. Unless otherwise provided herein, such investigators shall not be required to contact the student's parent, guardian, or representative prior to questioning and may request law enforcement, school resource officer(s), and/or school security officer(s) for assistance in conducting the investigations.

If there is reason to believe a violation of a criminal law has been committed, the building administrator, the superintendent's designee, and/or school security officer with authorization of the superintendent or the superintendent’s designee shall notify the appropriate law enforcement agency of criminal conduct as provided in law and/or board policy and may request further investigation of the alleged violation.

When a school resource officer or campus police officer initiates an investigation of a potential violation of criminal law by a student on the officer’s own initiative and not at the behest of a building administrator or the designee of the superintendent, such officer will notify the building administrator and/or designee who will make a reasonable attempt to contact the student’s parent, guardian, or representative prior to initiating questioning.

Coordination with Law Enforcement

School administrators and/or school security officers shall/may meet periodically with local law enforcement officials to discuss the district’s policies and rules regarding law enforcement contacts with the district.
Notification of Investigations Conducted by Law Enforcement Officers

When law enforcement officers initiate an investigation involving questioning of a student on a topic unrelated to a report of child abuse or neglect or to the identity of the student during school hours, the building administrator shall make a reasonable attempt to contact a parent, guardian, or representative of the student(s) prior to such questioning. Notification or attempted notification of a parent, guardian, or representative shall be documented by the administrator involved. If a student’s parent, guardian, or representative is not present during such questioning of a student, the principal may be present unless otherwise specified in law or board policy.

Child Abuse and Identity Investigations Conducted by Law Enforcement Officers

The administration shall cooperate with law enforcement officers who are conducting investigations of suspected child abuse or neglect or concerning the student's identity. For any investigations concerning known or suspected child abuse or neglect, school staff shall follow the procedures outlined in board policy GAAD instead of the requirements of this policy.

Law Enforcement Initiated Investigations at School

In cases not involving the investigation of known or suspected child abuse or neglect or involving the student's identity, law enforcement officers shall not be permitted to initiate and conduct investigations involving the questioning of students during school hours unless the student’s parent or guardian has given the school permission to allow the questioning, a valid warrant has been presented to the building administrator for such purpose, or in

demonstrated emergency situations. If a demonstrated emergency is found, the building administrator shall require identification of law enforcement officials and reasons for the interrogation or investigation of a student. If the building administrator is not satisfied with either the identification or the reason, the request shall not be granted. The building administrator shall attempt to notify the superintendent and the officer’s superiors of the reasons for the refusal.

Taking Students Into Custody

Students shall not be voluntarily released by school officials to law enforcement authorities unless the student has been placed under arrest or taken into custody by law enforcement, school resource officers, campus police officers, or Department for Children and Families (“DCF”) authorities pursuant to a child abuse investigation. Except as otherwise specified in this policy, a reasonable effort shall be made to notify the student’s parent, guardian, or representative when students are removed from school for any reason. Parents shall not be notified by school officials when their child is taken into custody by DCF, school resource officers, campus police officers, and/or law enforcement as a result of allegations of abuse or neglect. Except as provided above and/or as specified in a court order or arrest warrant, if a student is taken into custody by a law enforcement officer, school resource officer, or campus police officer, building administrators shall make a good-faith effort to contact the student's parent or guardian. Notification efforts shall be documented.

When a student has been taken into custody or arrested on school premises without prior notification to the building administrator, the school staff present shall ask the law enforcement officer to notify the building administrator of the circumstances as quickly as possible and shall themselves contact the
building administrator with any information they have regarding the child being taken into custody. School resource officers and campus police officers are expected to contact the building administrator as soon as practicable after taking a student into custody.

**Disturbance of School Environment**

Law enforcement officers may be requested to assist in controlling disturbances at school and, if necessary, to take students or other persons into custody.

**Definition**

For the purposes of this policy, “campus police officer” is a school security officer employed by and designated by the board to aid and supplement law enforcement agencies of the state, city, and county in which the school district is located.

For the purposes of this policy, students will not be deemed to be “taken into custody” when they are being questioned by a school resource officer, school security officer, and/or campus police officer about a violation of state law, county resolutions, city ordinances, board policy or regulation, and/or school rules on property owned, occupied, or operated by the school district or at the site of a function sponsored by the school district.

SECTIONS
JDDAA  Student Activity Drug/Alcohol Testing Policy  JDDAA

(See JDD and JDDA)

In an effort to protect the health and safety of its student activity participants from illegal and/or performance-enhancing drugs and/or alcohol use and abuse and injuries resulting from the use of drugs and alcohol, the USD 475 Board of Education adopts the following policy for drug and alcohol testing of students participating in extra-curricular and/or co-curricular activities.

Statement of Purpose and Intent

It is the desire of the Board of Education, administration, and staff that every student in the district refrains from using, possessing, or distributing illegal or performance-enhancing drugs and/or alcohol. The disciplinary actions triggered by this policy relate solely to limiting the opportunity of any student in violation of this policy to participate in extra-curricular and/or co-curricular activities. This policy is intended to supplement and complement all other policies, rules, and regulations of the district regarding possession and/or use of illegal drugs and alcohol and does not limit the district's authority to enforce the provisions of other relevant policies or take disciplinary actions authorized thereby.

Participation in school sponsored extra-curricular and co-curricular activities at the district is a privilege. Accordingly, students in such activities carry a responsibility to themselves, their fellow students, their parents, and their school to conduct themselves in accordance with a high
standard of conduct, which requires avoiding the use or possession of illegal or performance-enhancing drugs and alcohol.

The purposes of this policy are to prevent illegal or performance-enhancing drug and alcohol use; to educate student participants regarding serious physical, mental, and emotional harm caused by drug and alcohol use; to prevent injury, illness, and harm that is a potential result of drug and alcohol use; and to strive within the district for an environment free of such use and abuse.

The sanctions of this policy solely limit the opportunity of any student found to be in violation of this policy to participate in extra-curricular and co-curricular activities. There will be no academic sanction for violation of this policy except to the extent that a violation of this policy would also constitute a violation of other district policies and/or state or federal law.

The district has adopted this policy for use by all students participating in extra-curricular and/or co-curricular activities in grades 9-12. Violations under this drug testing policy are cumulative throughout this grade span, and consequences do not start over with each new school year.

Definitions

“Extra-curricular activities” means those school sponsored student activities that take place outside the regular course of study in school.
Such activities include all KSHSAA sponsored activities including, but not limited to interscholastic sports teams, forensics, debate, music, band, cheerleading, and dance team.

“Drug Use Test” means a scientifically substantiated method to test for the presence of illegal or performance-enhancing drugs, alcohol, or the metabolites thereof in a person’s urine, saliva, hair, or breath.

“Illegal Drugs” means any controlled substance which an individual may not legally sell, possess, use, distribute, or purchase under either Federal or Kansas Law. For the purposes of this policy, “illegal drugs” includes, but is not limited to, all scheduled drugs as defined by Kansas Law, all prescription drugs obtained or used without authorization, and all prescribed and over-the-counter drugs being used for an abusive purpose.

“Performance-Enhancing Drugs” includes anabolic steroids and any other natural or synthetic substance used to increase muscle mass, strength, endurance, speed, or other athletic ability. The term “Performance-Enhancing Drugs” does not include dietary or nutritional supplements such as vitamins, minerals, and proteins that can be lawfully purchased in over-the-counter transactions.

“Alcohol” means the product of distillation of any fermented liquid, whether rectified or diluted, whatever its origin, and includes synthetic methyl alcohol.
“Positive” when referring to a drug test administered under this policy means a toxicological test result which is considered to demonstrate the presence of an illegal or a performance-enhancing drug or the metabolites thereof using the standards customarily established by the testing laboratory administering the drug use test.

“Random Selection” regards the process used by the laboratory conducting drug use tests to select participants to be tested, involving the chance selection of drug test numbers assigned to each participant.

“School Days” are days that school is actually in session at USD 475.

“KSHSAA” is the Kansas State High School Activities Association of which the district is a participating member.

**Education**

The district shall provide an educational session concerning this policy to applicable students within one week of the policy’s implementation or substantial revision. The session will include a detailed explanation of the policy. In addition, it is recommended that the activities department conduct a player and parent meeting that will include information about the impact of the drug testing policy on participants. Parental attendance is strongly encouraged at each session. Each applicable student will be provided a copy of the policy and a consent form.
JDDAA Student Activity Drug/Alcohol Testing Policy

**Procedure**

Each student in extra-curricular activities shall receive copies of the Student Drug/Alcohol Testing Consent Form, which shall be read, signed, and dated by the student, parent, and/or guardian. Students must turn in a completed consent form to the school office before the student will be allowed to practice or participate in any extra-curricular activities. Any student who does not turn in the required form within the aforementioned timeframe will not be eligible to participate in any extra-curricular activities. Transfer students who wish to participate in extra-curricular activities will be allowed to complete the aforementioned form at the time of enrollment.

Students will be required to provide urine, saliva, or hair samples for the purpose of drug and/or alcohol testing as follows:

On a random selection basis, from a list of all students in the testing pool, high school student KSHSAA extra-curricular participants will be drawn at random to provide a urine, saliva, and/or hair sample during the school year. Names previously chosen will be placed back in the pool for the possibility of random selection at a later time.

Any drug use test required by the district under the terms of this policy will be administered by or at the direction of a professional laboratory chosen by the district, using scientifically validated
toxicological methods. The professional laboratory shall be required to have detailed written specifications to assure chain of custody of the specimens, proper laboratory control, and scientific testing.

All aspects of the drug use-testing program, including the taking of samples, will be conducted so as to safeguard the personal and privacy rights of students to the maximum extent possible. The test sample shall be obtained by the vendor in a manner designed to minimize intrusiveness of the procedure. In particular, the sample will be collected in a restroom or other private facility.

If the initial drug test is positive, the initial test result may be subject to confirmation by a second and different test of the same sample.

If a test for any student has a positive result, the laboratory will report the results to the designated employee representative. The school will then be responsible for contacting the parents of the student with the results and will solicit information regarding any medications the student may be taking which would create a positive result. If needed, the school will contact a certifying scientist at the laboratory regarding any drug interactions. If requested, a medical review officer is available to confirm the results and report the findings to the designated employee representative.

Once a positive result is determined, the student will become ineligible pursuant to Student Random Drug Testing Guidelines for USD 475 Junction City High School.
This decision may be appealed in writing to JCHS building designee within two working days. The JCHS building principal will then make a written decision within two working days. During the time of this appeal, the student will be ineligible pursuant to Student Random Drug Testing Guidelines for USD 475 Junction City High School.

The JCHS building principal’s decision may be appealed in writing through the district superintendent’s office to the USD 475 Board of Education within two working days. During the time of this appeal, the student will be ineligible pursuant to Student Random Drug Testing Guidelines for USD 475 Junction City High School.

A student that has tested positive for illegal or performance-enhancing drugs will be required to undergo five (5) additional drug use tests over the next calendar year to confirm that the student is no longer using illegal drugs or performance-enhancing drugs. The district will rely on the opinion of the laboratory that performed or analyzed the additional drug use test in determining whether a positive result in the additional drug test was produced by illegal or performance-enhancing drugs used by the student that caused the first positive result or by more recent use. All parents or guardians of students who test negative for illegal drugs of performance-enhancing drugs in the initial screening will be contacted by personnel of the district.
Disclaimer

This policy shall not supersede any state and/or federal law or KSHSAA policy on this topic. This policy similarly does not supersede other board policy or handbook language related to Junction City High School or with regard to students found to be in possession of, using, selling, distributing, or being under the influence of illegal substances or alcohol while at school, on or in school property, at a school sponsored activity, program, or event. Therefore, a student who violates the policy as set forth in other relevant board policy or handbook language should expect further consequences as deemed appropriate by the building principal.

Reporting to the Board of Education

The Board of Education shall receive at its first meeting in April of each year, a report on the implementation of this policy. Said report shall include, but shall not necessarily be limited to, the number of tests conducted and the number of positive results along with a declaration from the high school principal as to whether or not a significant drug problem exists at the high school.

resources available for such purpose and shall be provided through school assemblies, staff
development, or other appropriate forums at least {annually/biannually}.

If a student is absent from regular classes for more than three consecutive days or the principal has been notified that a student has or is suspected of having a communicable disease, the principal shall determine whether a release shall be obtained from the student’s physician or local health officer before the student reenters school.

Decisions regarding the type of education and the setting for provision of educational services for a student with a communicable disease shall be based on the child’s medical condition, the child’s educational needs, and the expected type of interaction with others in the educational setting. Final decisions will be made by school administration after receiving input from the student’s physician, public health personnel, the student’s parent or guardian, and personnel associated with the proposed care or educational setting.

Adopted by Board 07/15, Revised 02/1; 02/21
Vision and hearing screenings will be conducted in the district as part of the overall health services program. Frequency of the screenings will be in accordance with state law. When appropriate, other screenings deemed beneficial to students, such as dental screenings, may be performed in the school health program.

When these screenings cannot be performed by district staff, the board authorizes the superintendent to identify healthcare service providers to provide them. Such healthcare service providers shall be required to enter into a contract with the district prior to providing any screenings or other services to students in the school setting.

**Vision Screenings**

Each year vision screening procedures will be conducted for students new to the district, including kindergarteners. Such procedures will be provided for other students at a frequency of not less than once every two years unless otherwise specified by state law. Students known to have vision difficulties and students referred by teachers, parents, and/or physicians will be screened regardless of grade level.

**Hearing Screening**

Each year hearing screening procedures will be conducted for students new to the district, including kindergarteners. Such procedures will be provided for other students at a frequency of not less than once every three years unless otherwise specified by state law. Students known to have hearing difficulties and students referred by teachers, parents, and/or physicians will be screened regardless of grade level.
JGCD Health Screening

Under certain conditions, hearing screening services are provided for students residing within district boundaries who are enrolled in accredited non-public schools. These services are coordinated between the administration of the accredited nonpublic school and district administration and require a request from the student’s parent or guardian. Implementation of the program for nonpublic school students follows the same guidelines as for district students.

Dental Screenings

Free dental inspections will be offered to students, planned for by designated school staff, and conducted by appropriate dental care providers.

Selected Screenings

Other screening procedures may be deemed appropriate and beneficial to students. Designated staff will assist in the planning and implementation of other screening programs following standard procedures.

Screening results, and referrals when necessary, will be communicated to parents.

In accordance with state law, the parent or guardian of any child entering school for the first time shall be informed of the availability of sickle cell screening and of the location of the nearest facility providing blood tests for sickle cell trait and sickle cell anemia.

SECTIONS
JGEC Sexual Harassment (see GAAC, GAAD, GAF, JDCC and KN) JGEC

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. The district does not discriminate on the basis of sex in admissions, employment, or the educational programs or activities it operates and is prohibited by Title IX from engaging in such discrimination. Discrimination on the basis of sex, including sexual harassment will not be tolerated in the school district. Discrimination on the basis of sex of employees or students of the district in any district education program or activity is strictly prohibited.

Sexual harassment is unlawful discrimination of the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Act Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs, or events within the United States.

It shall be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Sexual harassment shall include conduct on the basis of sex involving one or more of the following: (1) A district employee conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcomed sexual conduct; (2) unwelcomed conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's educational program or activity; or (3) sexual assault, dating violence, domestic violence, or stalking.
JGEC Sexual Harassment (see GAAC, GAAD, GAF, JDCC and KN) JGEC-2

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse of a sexual nature; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning a student’s grades, participation in extra-curricular activities, etc.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Complaints of sexual harassment will be promptly investigated and resolved. Any person may make a verbal or written report of sex discrimination by any means and at any time.

The Executive Director of Personnel Services, 123 North Eisenhower, 785-717-4000, has been designated to coordinate compliance with nondiscrimination requirements contained in Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964 regarding discrimination on the basis of sex, and the Kansas Act Against Discrimination. Information concerning the provisions of these Acts, and the rights provided thereunder, are available from the Title IX Coordinator. Inquiries about the application of Title IX to the district may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights at the U.S. Department of Education, Office of Civil Rights, 400 Maryland Avenue, SW< Washington D.C., 20202-1100, (800) 421-3481, or at OCR@ed.gov; or both.
Response to Harassment Complaints

The district takes all reports of sexual harassment seriously and will respond meaningfully to every report of discrimination based on sex, including sexual harassment, of which the district has actual knowledge.

Any student who believes that he or she has been subjected to sexual harassment should report the alleged harassment to the building principal, another administrator, the guidance counselor, the Title IX Coordinator, or another licensed staff member. All employees receiving reports of sexual harassment from a student shall notify the Title IX Coordinator.

Definitions

The following definitions apply to the district in responding to complaints of sexual discrimination including sexual harassment as defined by Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Act Against Discrimination.

The “complainant” means an individual who is alleged to be a victim of conduct that could constitute sexual harassment.

“Dating violence” means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved.

The “decision-maker” reviews all the evidence and prepares an impartial written responsibility determination as to whether the alleged
conduct occurred and provides an opportunity for the parties and their representatives to prepare written questions to be answered by the other party. The decision-maker shall not be the Title IX Coordinator or investigator.

“Domestic violence” includes crimes of violence committed by a person who is a current or former spouse, partner, person with whom the victim shares a child, or who is or has cohabited with the victim as a spouse or partner, by a person similarly situated to a spouse of the victim under Kansas or applicable federal law, or by any other person against an adult or youth victim having protection from such person’s acts by Kansas or applicable federal law.

A “formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment.

The “investigator” is the person who carries out the investigation after the formal complaint is filed and conducts interviews of the witnesses, collects and documents evidence, and drafts an investigative report.

A “respondent” is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual assault” means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
“Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or to suffer substantial emotional distress.

The “Title IX Coordinator” is the individual designated at the district level who has responsibility to coordinate compliance with Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964 regarding discrimination on the basis of sex, and the Kansas Act Against Discrimination. The Title IX Coordinator’s responsibilities include, but are not limited to: developing materials and ensuring professional development occurs for staff involved in Title IX compliance, creating systems to centralize records, gathering relevant data, contacting the complainant (and/or parents or guardians, if applicable) once the district has actual knowledge of alleged sexual harassment, coordinating the implementation of supportive measures, signing a formal complaint to initiate a grievance process, and ensuring any remedies are implemented.

The Title IX Coordinator, any investigator, decision-maker, or any person who facilitates an informal resolution process shall not have a conflict of interest or bias for or against the complainant or respondent. These individuals shall receive training on the definition of sexual harassment; the scope of the education program and activities; how to conduct an investigation, including appeals and informal resolution processes; and how to serve impartially, including avoiding prejudgment of the facts, conflicts of interest, and bias. Decision-makers shall receive
Training on issues of relevance of questions and evidence, including when questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant. Investigators shall receive training on issues of relevance of questions and evidence in order for them to create investigative reports that fairly summarize relevant evidence.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to their immediate supervisor, building administrator, or Title IX Coordinator. Employees who fail to report complaints or incidents of sexual harassment to appropriate district officials may face disciplinary action. District officials who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable student conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness, and persistence. Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct.

If discrimination or harassment has occurred, the district will take prompt, remedial action to stop it and prevent its reoccurrence.
The Title IX Coordinator shall promptly respond in a meaningful way to any reports of sexual discrimination including sexual harassment of which the district has actual knowledge as follows:

- Contact the complainant within 10 business days and discuss the availability of supportive measures, with or without the filing of a formal complaint, and consider the complainant’s wishes as to supportive measures; and
- Inform the complainant of the right to a formal complaint investigation consistent with Title IX and the informal resolution process.

Supportive Measures

The district will treat the complainant and respondent equitably by offering supportive measures. These non-disciplinary and non-punitive measures will be offered as appropriate, as reasonably available, and without cost to the complainant or the respondent. Supportive measures are designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party. “Supportive Measures” shall include, but not be limited to, measures designed to protect the safety of all parties, to protect the district’s educational environment, or to deter sexual harassment. These measures may include counseling, extensions of deadlines or course-related adjustments, modifications of work or class schedules, escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and
monitoring, and other similar measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The Formal Complaint

No investigation of alleged sexual harassment may occur until after a formal complaint has been filed.

A formal complaint is a document filed by the complainant or signed by the Title IX Coordinator alleging sexual harassment and requesting an investigation. The procedures for filing a formal complaint are as follows:

- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district concerning which the formal complaint is filed.

- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. Filing of the complaint with the Title IX Coordinator may be done in person, by mail, or by email. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved, the Title IX Coordinator may initiate the complaint.

Forms for filing written complaints are available in each school building office and the central office.
• A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 calendar days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.

• An investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by a qualified individual designated by the Title IX Coordinator or another individual appointed by the board. The investigation shall be thorough. All interested persons, including the complainant and the respondent, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.

**Formal Complaint Notice Requirements**

Upon filing of a formal complaint, the district shall provide written notice to the known parties including:

• Notice of the allegations of sexual harassment including sufficient details to prepare a response before any initial interview including:
  - the identities of the parties involved, if known;
  - the conduct allegedly constituting sexual harassment; and
  - the date and location of the alleged incident, if known.
JGEC Sexual Harassment (see GAAC, GAAD, GAF, JDDC and KN) JGEC-10

- An explanation of the district’s investigation procedures, including any informal resolution process;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
- Notice to the parties they may have an advisor of their choice and may inspect and review any evidence; and
- Notice to the parties of any provision in the district’s code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice initially provided, notice of the additional allegations shall be provided to known parties.

Formal Complaint Investigation Procedures

To ensure a complete and thorough investigation and to protect the parties, the investigator shall:

- Ensure that the preponderance of the evidence burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the district and not the parties;
• Provide an equal opportunity for the parties to present witnesses and evidence;

• Not restrict either party’s ability to discuss the allegations under investigation or to gather and present relevant evidence;

• Allow the parties to be accompanied with an advisor of the party’s choice;

• Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate;

• Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint, including the investigative report, and the opportunity to respond to that evidence before a determination is made;

• Be impartial and objectively evaluate all relevant evidence without relying on sex stereotypes;

• Not have conflicts of interest or bias for or against complainants or respondents;

• Not make credibility determinations based on the individual’s status as complainant, respondent, or witness.
JGEC Sexual Harassment (see GAAC, GAAD, GAF, JDDC and KN) JGEC-12

Formal Complaint Investigation Report

The investigator shall prepare an investigative report that fairly summarizes relevant evidence and share the report with the parties and their advisors for review and response.

Before completing the investigative report, the investigator must send each party and their advisors the investigative report for review and allow the parties 10 days to submit a written response for the investigator’s consideration.

Decision-Maker’s Determination

Upon receiving the investigator’s report, the decision-maker must make a determination regarding responsibility and afford each party the opportunity to submit written, relevant questions that the parties want asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence. The decision-maker’s written determination shall:

- Identify the allegations potentially constituting sexual harassment;
- Describe the procedural steps taken, including any notifications to the parties, site visits, methods used to gather evidence, and interviews;
JGEC Sexual Harassment (see GAAC, GAAD, GAF, JDDC and KN) JGEC-13

- Include the findings of fact supporting the determination;
- Address any district policies and/or conduct rules which apply to the facts;
- A statement of, and rational for, the result as to each allegation, including a determination regarding responsibility; and
- The procedures and permissible bases for the complainant and/or respondent to appeal the determination.

The written determination may, but is not required to, recommend disciplinary sanctions and any remedies designed to preserve access to the educational program or activity that may be provided by the district to the complainant.

A copy of the written determination shall be provided to both parties simultaneously.

The range of disciplinary sanctions and remedies may include, but may not be limited to, supportive measures, short term suspension, long term suspension, expulsion for students, and/or termination for employees. Complainants and respondents shall be treated equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made. The Title IX Coordinator is responsible for the effective implementation of any remedies. If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined
in board policy and state law governing student suspension and expulsion will be followed.

If the investigation results in a recommendation that an employee be suspended with or without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and/or state law will be followed.

Records relating to complaints filed and their resolution shall be maintained by the Title IX Coordinator for seven years.

The decision becomes final on the date the parties receive the results of an appeal, if any appeal is filed; or on the date the opportunity for an appeal expires.

Appeals

The complainant or respondent may appeal the decision-maker’s determination regarding responsibility or a dismissal of a formal complaint, on the following bases:

• Procedural irregularity that affected the outcomes;
• New evidence that was not reasonably available at the time that could affect the outcome; and/or
• The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias against either party that affected the outcome.
The request to appeal shall be made in writing to the Title IX Coordinator within 10 days after the date of the written determination. Appeals shall be a review of the record by an attorney, an independent hearing officer appointed by the board, or the board. The appeal decision-maker may not be the Title IX Coordinator, the Investigator, or the decision-maker from the original determination.

The appeal decision-maker will issue a written decision within 30 days after the appeal is filed. The appeal decision-maker will describe the result of the appeal and the rationale for the result.

The appeal decision-maker shall:

- Review the evidence gathered by the investigator, the investigator’s report, and the original decision-maker’s determination;
- Notify both parties in writing of the filing of an appeal and give an opportunity to submit further evidence in writing;
- Not have a conflict of interest or bias for or against complainant or respondent and receive the required training;
- Issue a written decision and the rationale for the decision within 30 days after the appeal is filed;
- Describe the result of the appeal and the rationale for the result in the decision; and
• Provide the written decision simultaneously to both parties and to the Title IX Coordinator.

Informal Resolution Process

At any time during the formal complaint process and prior to reaching a determination regarding responsibility, the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility.

The informal resolution process may be facilitated by a trained educational professional, consultant, or other individual selected by the Title IX Coordinator under the following conditions:

• The parties are provided a written notice disclosing the allegations, the requirements of the informal resolution process, and information on when it may preclude the parties from resuming a formal complaint arising from the same allegations;

• At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process, resume the investigation of the formal complaint, and be informed of any consequences resulting from participating in the informal resolution process;

• The parties voluntarily and in writing consent to the informal resolution process; and
• The informal resolution process cannot be used to resolve allegations that an employee sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the proposed resolution, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within 20 days after the complaint is resolved in this manner, the Title IX Coordinator shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved, or if the individual does not believe the resolution remains acceptable within 20 days after the informal resolution document is executed, the individual or the Title IX Coordinator may proceed with the formal complaint process.

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence. The district prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or appeal.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies, including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.
**JGEC Sexual Harassment** (see [GAACA](#), [GAAD](#), [GAF](#), [JDDC](#) and [KN](#)) JGEC-18

The filing of a complaint or otherwise reporting sex discrimination including sexual harassment shall not reflect upon the individual’s status or grades. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing involving sex discrimination, including sexual harassment, is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and the complaint procedures including how to report or file a formal complaint of sex discrimination or sexual harassment shall be posted in each district facility, shall be published in student handbooks, and on the district’s website as directed by Title IX Coordinator. Notification of the policy may include posting informational notices, publishing in local newspapers, publishing in newspapers and magazines operated by the school, or distributing memoranda or other written communications to students and employees. In addition, the district is required to include a statement of nondiscriminatory policy in any bulletins, announcements, publications, catalogs, application forms, or other recruitment materials that are made available to participants, students, applicants, or employees.

All forms of racial or disability harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events.

It shall be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Prohibited conduct under this policy includes racially or disability-motivated conduct which:

- Affords a student different treatment, solely on the basis of race, color, national origin, or disability, in a manner which interferes with or limits the ability of the student to participate in or benefit from the services, activities or programs of the school;

- Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of creating a hostile academic environment; or

An employee who witnesses an act of racial or disability harassment shall report the incident to the building principal. Employees who fail to report complaints or incidents of racial or disability harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of racial or disability harassment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child abuse, the compliance coordinator shall report such conduct to the appropriate law enforcement or DCF authorities.

To the extent possible confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district’s obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting racial or disability harassment shall not reflect upon the student’s status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted, or

All gifts and bequests given to the schools shall become the property of the district. A gift is defined as any financial donation or donation of property, personal service, structures, equipment or furnishing. Donors may be individuals, groups, organizations, or businesses. Prospective donors shall contact the facility principal and superintendent before publicly announcing a gift to a school or to the school district in order for the administration to consider the appropriateness of the gift.

Under no circumstances shall gifts or bequests to the district or to a particular school be given or left with school officials without the approval of the superintendent. The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. Whenever a complaint is made directly to the board as a whole or to a board member as an individual, it will be referred to the administration for study and possible resolution.

Discrimination against any individual on the basis of race, color, national origin, religion, sex, age, genetic information or disability in the admission or access to, or treatment or employment in the district’s programs and activities is prohibited. Harassment of an individual on any of these grounds is also prohibited. The district compliance coordinator is the Executive Director of Personnel Services and may be contacted at 123 N. Eisenhower, Junction City, Kansas, 66441, (785) 717-4000. The district compliance coordinator has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964 regarding discrimination on the basis of sex, Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, the Personal Responsibility Work Opportunity Reconciliation Act of 1996, and the Food Stamp Act of 1977, as amended. Information concerning the provisions of these Acts, and the rights provided thereunder, are available from the district compliance coordinator.
Complaints about Discrimination or Discriminatory Harassment

Complaints of discrimination or discriminatory harassment by an employee, excluding complaints regarding discrimination or harassment on the basis of sex or in child nutrition programs, should be addressed to the employee’s supervisor, the building principal, or the district compliance coordinator. Such complaints by a student should be addressed to the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of such discrimination or harassment from a student shall inform the student of the employee’s obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district compliance coordinator. Complaints by any other person alleging such discrimination should be addressed to the building principal or the district compliance coordinator. Except as otherwise provided in this policy regarding complaints of discrimination on the basis of sex or regarding child nutrition programs, complaints about discrimination, including complaints of harassment, will be resolved through the following complaint procedures:

Informal Procedures

The building principal shall attempt to resolve complaints of discrimination or harassment in an informal manner at the building level. Any school employee who receives a complaint of such discrimination or harassment from a student, another employee, or any other individual shall inform the individual of the employee’s obligation to report the complaint and any proposed resolution of the complaint to the building principal. The building principal shall discuss the complaint with the individual to determine if it can be resolved. If
the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution of the complaint and forward this record to the district compliance coordinator. Within 20 days after the complaint is resolved in this manner, the principal shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved to the satisfaction of the individual in the meeting with the principal, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

If such discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence. The district prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or hearing.

Formal Complaint Procedures

- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved, the building principal may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.

- A complaint should be filed as soon as possible after the conduct occurs but not later than 180 days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.

- If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator, or another individual appointed by the board. The investigation shall be thorough. All interested persons, including the complainant and the
person against whom the complaint is lodged, will be afforded an
opportunity to submit written or oral evidence relevant to the
complaint.

- A written determination of the complaint’s validity and a description
of the resolution shall be issued by the investigator, and a copy
forwarded to the complainant and the accused no later than 30 days
after the filing of the complaint.

  ◊ If the investigation results in a recommendation that a student
be suspended or expelled, procedures outlined in board policy
and state law governing student suspension and expulsion will
be followed.

  ◊ If the investigation results in a recommendation that an
employee be suspended without pay or terminated, procedures
outlined in board policy, the negotiated agreement (as
applicable), and state law will be followed.

- Records relating to complaints filed and their resolution shall be
forwarded to and maintained in a confidential manner by the district
compliance coordinator.

- The complainant may appeal the determination of the complaint.
Appeals shall be heard by the district compliance coordinator, a
hearing officer appointed by the board, or by the board itself as
determined by the board. The request to appeal the resolution shall be
made within 20 days after the date of the written resolution of the
complaint at the lower level. The appeal officer shall review the
evidence gathered by the investigator and the investigator’s report and
shall afford the complainant and the person against whom the
complaint is filed an opportunity to submit further evidence, orally or
in writing, within 10 days after the appeal is filed. The appeal officer
will issue a written determination of the complaint’s validity and a
description of its resolution within 30 days after the appeal is file.

- If discrimination or harassment has occurred, the district will take
prompt, remedial action to prevent its reoccurrence. The district
prohibits retaliation or discrimination against any person for
opposing discrimination, including harassment; for participating
in the complaint process; or making a complaint, testifying,
assisting, or participating in any investigation, proceeding, or
hearing.

Office for Civil Rights of the U.S. Department of Education, the Equal
Employment Opportunity Commission, or the Kansas Human Rights
Commission.
